Chemical & Metallurgical Engineering became Chemical Engineering in August 1946.

Chemical & Metallurgical Engineering was the successor to *Metallurgical & Chemical Engineering*, which, in turn, was a consolidation of *Electrochemical & Metallurgical Industry* and *Iron & Steel Magazine*. The magazine was originally founded as *Electrochemical Industry*.

McGRAW-HILL PUBLISHING COMPANY, INC., NEW YORK CITY

Volume 58

January to December, 1951

GENERAL ALPHABETICAL INDEX

A

Absorption—New way to solve absorption problems. Chen-Jung Huang..Aug. *118
Acetylene—Acetylene chemicals flowsheet ..June *176
General Aniline & Film Corp. tames acetylene (N) .....Mar. *136
Acids—Powdered stearic acids.....Apr. 170
Adhesives—Resin suspensoids .....Nov. 210
Sets at room temperature.....Sept. 202

Adsorption

Adsorption can control odors. Turk & Bowne .....May *136
Industrial use of selective adsorption in Australia (chart) .....Dec. *261
New Aerosorb process used to separate aromatics .....Sept. *224
Trend and developments in equipment and techniques .....Nov. 167
Agglomeration report .....Oct. *161-174
Agitation—Fluid agitation laboratory at Rochester, N. Y. (N).....Aug. *190
How to estimate agitator power from blade dimensions. D. E. Mack..Mar. *169
Air-duct pressure loss calculated. B. Hornung (P. N.) .....July *141
Airplane designed to spray chemicals from the air (N).....Aug. *188
Air pollution see Dust and Fume Handling
Air raids—Can process plants protect themselves against enemy bomb attacks? Sullivan & Carlsmith..July *104

Alcohol:

De Nora hydrogenation process yields fatty alcohols. R. F. Warren..June *117
Ethyl alcohol supply and demand .....Feb. 124
Industrial alcohol cheaper from new mold process (N).....Feb. 216
Isopropyl alcohol—supply and demand .....Feb. 135
Materials of construction vs alcohol .....Nov. 228

Alkyl phosphites .....June 172
Alkylation—H2 SO4 alkylation flowsheet .....Sept. *212
Unit Process Report.....Mar. *124
Allethrin
Plant to be built at Baltimore (N) .....May 231
Used in aerosols.....Feb. 186

Aluminum:

Australia to obtain aluminum from alunite .....Oct. 256
Canada to begin big aluminum development .....June 216
Chemical polishing process for aluminum developed in Italy.....Nov. 224
Chromic acid versus aluminum. McKee & Fitz .....Feb. 246
Construction material. Kerns & Baker .....Sept. 236
Ferric chloride vs. aluminum. E. D. Verink Jr. .....May 244
Hydrogen peroxide vs aluminum..Oct. 262
Materials of construction versus alcohol. Balsah & Verine.....Nov. 202
Output soars (tables) .....Dec. 234
Phenol versus aluminum. Binger & Brown .....Aug. 224
Reynolds increasing output of aluminum by expansion (N).....May 216
Reynolds new aluminum plant at Corpus Christi (N) .....Dec. *246
Versus hydrocarbon solvents. Colman & Binger .....June 220
Aluminum magnesium silicate powder .....Feb. 185
Aluminum silicate—filler for rubber..May 199

Amines:

Amination by reduction (Unit Processes Report) .....Mar. *131
General Mills moves into fatty amine production (N) .....Feb. 213
Methylbenzyl amines for amine salts, amides and emulsifying agents.Nov. 209
3,3'—Aminobispropylamine potential intermediate in dyes, drugs, surface active agents.....May 189
Pyrrolidine .....Aug. 166
Wax amines .....Mar. 173
3,3'—Aminoetspropylamine .....May 199

Ammonia

Ammonia—Ammonia and fertilizers in 1950 .....Feb. 127
Anhydrous ammonia flowsheet..Aug. *174
Chart gives total pressures over aqueous ammonia solutions. D. S. Davis (P.N.) .....Nov. *184
Synthetic ammonia plant for Shell Chemical on West Coast 1951 (N) .....Sept. 240
Ammonium bicarbonate for baking powder .....July 162
Ammonium nitrate—Largest prilling tower era near Pittsburg, Kan. (N)..June *190
Promising fertilizer. R. C. Tallman (A) .....July 266
Ammonium sulfamate—Danger of explosions. J. K. Hunt.....Oct. 248

Ammonium Sulphate:

Austria to produce.....June 214
India starts production at Sindri..Oct. 256
Natural gas is basic material for Mexico's ammonium sulphate plant .....May *228
Produced by new process (N)...Sept. *238
Ammonolysis (Unit Processes Report) .....Mar *134
Amphetamine phosphate .....Mar. 173
Anhydrous hydrogen used in Simons process to produce fluorochemicals. Dec. *215
Anhydrous hydrogen chloride flowsheet .....Oct. *260
Antioxidant for rubber goods.....Sept. 198
Antioxidant—Ionol .....Oct. 194
Aramite—Insecticide .....Aug. 163

Argentina:

Insulin, ACTH and trypsin to be produced in Buenos Aires.....July 218
National Atomic Energy plant created .....July 215
Starch, glucose, alcohol and acetone to be salvaged from potato crop .....Sept. 272

Aromatics:

Adsorbing aromatics .....Sept *224
Aromatic concentrates extracted from refo.med petroleum naphthas (N) .....Nov. *242
Catalysts for aromatics and aviation gas .....Dec. 167
Asbestos—precision magnesia insulation flowsheet .....Dec. *262
Asphalt softener for rebuilding roads..May *200
Asphalt tile and Terraflex plant (N) Dec. *260

Atomic Energy Commission:

Dow Chemical to run new secret operation (N) .....May 228
How they built the Brookhaven reactor .....May *271
Oak Ridge offers engineers course on nuclear reactors (N).....Feb. 206
Reactor program. L. R. Hafstad (A) .....Jan. 252

Atomic Power:

Design of equipment for atomic power plants pushed (N).....Feb. 204
1951: the atom is beginning to pay off. R. B. Colborn.....Aug. *114
North American Aviation designs low-cost atomic furnace (N) Dec. *223
Nuclear engineering—not yet. B. W. Bartlett (A) .....Mar. 250
Nuclear power isn't cheap—yet. C. G. Suits (A) .....Mar. 246
Nuclear reactors .....Jan. *112
What it augurs. J. J. Grebe.....Oct. 214
Austenitic nickel cast iron can serve as an alternate for caustic manufacturers. H. O. Temple (charts) .....Dec. *256

Australia:

Acetate rayon plant, Geelong....July 214
Aim to make selective adsorption a continuous process (chart).....Dec. *261
Chloromycetin synthesis to go into production .....Apr. 200
Gasoline—from shale plant shut down .....Apr. 200
Gel coat to stop fruit rot.....July 214
Largi brown coal gasification plant to be installed .....Sept. 270
Oil refinery planned for Geelong..July 214
Polyvinyl chloride production to be increased .....Aug. 211 Sept. 248
Pulp and paper mill planned....Aug. 221
Sintering plant for lead concentrates developed .....Sept. 270
Top priority in defense planning has gone to chemicals .....Apr. 200

Zinc oxide to be produced; printing ink; argon shielded arc-welding ..... Feb. 220

Austria:

New chemical products being made by Donau-Chemie ..... Aug. 220
Oil production higher ..... Apr. 200
Paper production to be raised ..... Apr. 200
Stearates production ..... July 220
Sulphuric acid plant to be in production ..... Aug. 218
Autoxidation process produces dilute sulphuric acid or iron sulphates ..... Sept. *224

Awards:

American Institute of Management honors 13 chemical companies (N) ..... Feb. 210
Chemical Engineering Achievement Award goes to Phillips Petroleum Co. (N) ..... Oct. *222
Chemical Engineering Achievement award—help us to find the winner ..... May *119
Chemical Engineering Achievement Award presented to Phillips Co. at special dinner ..... Dec. *149
Chemical Engineering Achievement award to Phillips Petroleum Co.—better rubber ..... Nov. *145
Chemical Engineers of N.Y.C. award goes to E. W. Blaze for terramycin process ..... June *234 (N) July 190
Chemical Engineers of Greater New York offers award to young engineers ..... Feb. 200
Industrial Research Institute medal awarded Dr. R. T. Major (N) ..... June 188
Perkin Medal awarded to R. M. Burn ..... Nov. 316

B

Bases—fast color bases ..... July 186
Battery additives ..... Apr. 194
Belgian Congo—Marshall Plan loan to increase strategic materials for U.S. ..... Aug. 221
Papyrus to be used in manufacture of cellulose pulp ..... Aug. 221

Benzene:

Benzene shortage survey (chart) ..... Aug. *279
New sources of benzene necessary (N) ..... Jan. 188
Plant for the production of dodecyl benzene (N) ..... Aug. 198
Platforming sets benzene pace ..... Oct. *232
Shell Oil Co. to produce benzene and toluene (N) ..... July 204
Xylene survey ..... Feb. *206

Bitumen from Alberta sand. Djingheuzian & Warren ..... Oct. 214
Bleach—optical whitening agent ..... Sept. 200
Blood plasma substitute to be made by Commercial Solvents (N) ..... Oct. 223
Blowing agent used with rubber plastics ..... Dec. 197
Boilers—Power for the small chemical plant. R. L. Miller ..... June *122
Test finds faulty operation of deaerating feedwater heater. M. L. Oliver (P.N.) ..... Sept. 178
Boiling point rise—nomograph. Myers & Jaromchak ..... Oct. *194
Bonding agent cements silicone rubber to almost any surface ..... June 185
Boneyard ..... Jan. 183, Feb. 200, Mar. 193, Apr. 184, May 178, June 208, Aug. 210, Sept. 184, Oct. 142, Nov. 216, Dec. 332

Book Reviews:

Adsorption 2nd ed. C. L. Mantell. Aug. 264
Adsorption and chromatography. H. G. Cassidy ..... July 274
Advanced organic chemistry. R. C. Fuson ..... May 200
Applied nuclear physics. Pollard & Davidson ..... Feb. 204
Atomic physics. Wolfgang Pinkelburg ..... Feb. 207
Barthelomew's advanced atlas of modern geography. Melkiejohn & Son ..... Jan. 203
Basic thermodynamics. C. L. Brown ..... Sept. 205
Beet-sugar technology. ed. by R. A. McGinnis ..... Aug. 264
Carotenoids. Karrer & Jucker ..... Mar. 200
The chemical analysis of foods and food products. 2nd ed. ed. by M. B. Jacobs ..... Aug. 264
Chemical engineering costs. Zimmerman & Lavine ..... Jan. 204
Chemical engineering for production supervisors. D. E. Pierce ..... Mar. 204
Chemical kinetics. K. F. Laidler. Aug. 269
Chemical thermodynamics. I. M. Klotz ..... Mar. 207
Chemical thermodynamics. F. D. Rossini ..... Jan. 203
Chemical who's who. 3rd ed. ed. by Williams Haynes ..... Aug. 264
Chemie erobert die welt. Walter Greiling ..... Oct. 227
Chemistry and action of insecticides. H. A. Shepard ..... Sept. 214
Chemistry of hydrazine. Audrieth & Ogg ..... July 274
Chemistry of the cembenenoid hydrocarbons. B. T. Brooks ..... May 223
Chemistry of organic compounds. C. R. Noller ..... Aug. 264
The chemistry of uranium. Part 1. Katz & Rabinowitch ..... Aug. 264
Colloid chemistry; theoretical and applied Vol. VII. ed. by Jerome Alexander ..... May 208
Colloidal dispersions. E. K. Fischer ..... June 209
Colorimetric determination of traces of metals. E. B. Sandell ..... Jan. 206
Continuous processing of fats. M. K. Schwitzer ..... Sept. 212
Corrosion: causes and prevention. 3rd ed. F. N. Speller ..... Oct. *226
Cost budgeting and economics of industrial research. ed. by D. B. Hertz ..... Aug. 264
Crystal growth. H. E. Buckley. Oct. 231
Crystal structures. Vol. II and supplement to Vol. I. R. W. G. Wyckoff ..... Oct. 235
Directory of U. S. government contracts and contractors. U. S. Bid Information ..... Mar. 206
Distillation. ed. by Arnold Weissberger ..... June 270
Herbert H. Dow, pioneer in creative chemistry. Campbell & Hatton. Oct. 231
Economic aspects of atomic power. Schurr & Marschak ..... Feb. 204
Electroplating for the metallurgist, engineer and chemist. Mohler & Sedusky ..... Aug. 268
Elements of fractional distillation. 4th ed. Robinson & Gilliland. Apr. 204
Encyclopedia of chemical technology. ed. by Kirk & Othmer. Vol. 6 Mar. 241 Vol. 7 ..... Sept. 250
The engineering profession. Hoover & Fish ..... Sept. 210
Engineering and western civilization. J. A. Finch ..... June 273
Fachhormenausschuss fur chemische laveratoriumsgerate. prep by H. H. Franck ..... Aug. 266
Fischer-Tropsch and related syntheses. Storch, Columbic & Anderson ..... June 265
Flow measurement with orifice meters. R. F. Stearns & others ..... June 267
Fluid and particle mechanics. C. E. Lapple et al. ..... Aug. 264
German-English technical and engineering dictionary. Louis DeVries ..... Jan. 207
Hammond's complete world atlas. C. S. Hammond & Co. ..... Jan. 203
Handbook of dangerous materials. W. G. Sax ..... Nov. 314
Heterocyclic compounds. Vol. II. ed. by R. C. Elderfield ..... May 223
Industrial furnaces. Vol. I. W. Trinks ..... Dec. 327
Industrial oil and fat products. 2nd ed. A. E. Bailey ..... Sept. 214
Industrial research laboratories of the United States. comp by M. J. Rand ..... Mar. 203
Industrial and safety problems of nuclear technology. ed. by Shamos & Roth ..... Feb. 204
Industrial solvents. 2nd ed. Thorl Mellan ..... May 236
Insect control by chemicals. A. W. A. Brown ..... Dec. 327
Introduction to the chemistry of the silicones. R. O. Roches ..... Dec. 340
An introduction to organic chemistry. 7th ed. Harrow & Apfelbaum. Sept. 214
Introduction to the transfer of heat and mass. E. R. G. Eckert ..... Jan. 204
Ion exchange resins. Kunin & Myers ..... Feb. 208
Liquid extractions. R. E. Treybal ..... July 272
Materials buying manual. H. A. Knight ..... July 271
Materials handbook. 7th ed. G. S. Brady ..... July 271
McGraw-Hill directory of chemicals and producers ..... Feb. 203
Mechanical engineers' handbook. 5th ed. L. S. Marks ..... Apr. 204
Modellgesetze der vergasung und verbrauttung. Sergei Traustel. Apr. 204
New atoms. Otto Hahn ..... Feb. 204
Organic chemistry. Fieser & Fieser ..... Jan. 209
Organic chemistry. 2nd ed. F. C. Whitmore ..... Aug. 264
Organophosphorus compounds. G. M. Kosolapoff ..... May 209
Paint film defects. Manfred Hess ..... Aug. 264
Phase rule and heterogeneous equilibrium. J. E. Ricci ..... July 273
Physical aspects of organic chemistry. 4th ed. W. A. Waters. Apr. 204
Physical biochemistry. 2nd. ed. H. B. Bull ..... Nov. 314
Physical chemistry of lubricating oils. A. Bondi ..... Nov. 316
Physical methods in chemical analysis. Vol. II. ed. by W. G. Berl May 200
Plant engineering handbook. ed.-in-chief. William Staniar ..... May 208
Pocket encyclopedia of atomic energy. Frank Gaynor ..... Feb. 216
Principles of chemical thermodynamics. M. A. Paul ..... Sept. 215
Principles of ionic organic reactions. E. R. Alexander ..... May 223
Principles and practice of spectrochemical analysis. N. H. Nachtrieb ..... Jan. 270
Principles of phase equilibria. Wetmore & LeRoy ..... July 273
Proceedings of the fourth annual conference on the administration of research ..... Aug. 264
Progress in chromatography 1938-1947. L. Zechmeister ..... Aug. 264
Protective coatings for metals. Gailer & Vaughan ..... Apr. 200
Report preparation. Kerekes & Winfrey ..... Aug. 264
A romance in research; the life of Charles F. Burgess. Alexander McQueen ..... Oct. 224
Solubility of non-electrolytes. Hildebrand & Scott ..... Jan. 249
Soybeans and soybean products. ed. by K. S. Markley ..... Mar. 205
Structural chemistry of inorganic compounds. Vol. I. W. Huckel Oct. 232
Synthetic detergents. J. W. McCutcheon ..... June 265
Technique of executive leadership. J. F. Bender ..... Apr. 249
Textbook of biochemistry. P. H. Mitchell ..... Jan. 205
Textbook of electrochemistry. Vol. I. Kortum & Bockris ..... Dec. 327
Textbook of organic chemistry. Fieser & Fieser ..... May 203
Therapeutische chemie. Prof. Dr. T. Wagner-Jauregg ..... Apr. 220
Thermodynamics. 2nd ed. G. A. Hawkins ..... Sept. 215
Thermodynamics of irreversible processes. S. R. de Groot ..... Oct. 230
Toxicology of uranium. ed. by Albert Tannersaum ..... May 204
Water supply and treatment. 7th ed. C. P. Hoover ..... Aug. 264
Water treatment for industrial and other uses. Eskel Nordell ..... May 291
X-ray analysis of crystals. Hjvoort, Kolkmeyer & MacGillavry ..... Dec. 333

Borax:

Carbonation technique at Trona responsible for natural soda ash and borax. J. V. Hightower ..... May *162
The Trona process ..... and its unique features. J. V. Hightower ..... Aug. *104

Brazil:

Chilean nitrate and Alsatian potash to help make fertilizer ..... Aug. 220
Oil refinery designed for National Petroleum Council ..... Apr. 200
Paper mill using sugar cane bagasse as raw material to produce cellulose ..... Apr. 200
Plastics manufactured in Brazil. Nov. 320
Briquettes—Many solids are compacted by pressure ..... Oct. *182
Butyl stearate—lubricates a surface Aug. 184
Butylene, glycol, 1, 3 ..... Mar. 184

C

Canada:

Acetone and phenol plant to be built in Montreal East ..... Aug. 217
Anhydrous aluminum chloride being produced ..... May 242
Butanediol ..... July 220
Carbon black plant to be built in Sarnia, Ont. ..... Aug. 201
Carbon dioxide plant ..... July 219
Color pigments to be produced Mar. 207
Columbia Cellulose Co.'s new pulp mill ..... Sept. 221
Dissolving pulp mill started ..... Mar. 207
Isopropyl alcohol and acetone to be produced by Shell Oil Co. ..... Aug. 217
Largest fluid catalytic cracker in Canada ..... July 219
Oil refinery being built at Edmonton ..... May 242
Petrochemical development in Montreal ..... Apr. 200
Platforming unit, the first ..... Apr. 200
Plywood plant to be built at Victoria, B. C. ..... Sept. 208
Potash exploration and development in Saskatchewan ..... July 219
Sarnia, Ont. refinery to be completed ..... Sept. 207
Silicon carbide abrasive ..... July 219
Smokeless powder to be produced ..... July 220
Sulphur from iron pyrites for paper industry ..... Sept. 207
Sulphur plant planned ..... July 220
Sulphur produced from petroleum will be supplied to paper industry ..... May 242

NOTES—(A) Abstract; (c) Comment; (ed) Editorial; (E.N.) Equipment, News. * Illustrated; (N) News; (P.N.) Plant Notebook

Sulphur will be extracted from pyrites Apr. 340
Synthetic rubber known as polysar krynol being produced ..... May 243
Synthetic rubber to be produced by an "oil masterbatch" ..... Aug. 217
Tariff concessions on chemicals, oils and paints ..... July 220
Titanium dioxide slag to be sold to U. S. ..... July 220
Zinc refining to be increased; atomic-energy pile at Chalk River; synthetic rubber prices raised; catalytic cracker to be installed in refinery; vermiculite deposit; ethylene glycol-and ethylene oxide; argon to be manufactured ..... Feb. 229
Carbazole—synthetic carbazole in commercial quantities ..... Feb. 195

Carbon:

Alcohol vs. carbon and graphite. J. F. Roviock ..... Nov. 380
Carbon black flowsheet ..... July *176
Carbon black industry. Gordon Kiddoo ..... Mar. *164
Carbon black—Production (table) ..... Nov. 150
Construction materials in the paper industry. L. C. Werking ..... Jan. 318
Ferric chloride vs. carbon and graphite. R. O. Joslyn ..... May 243
Hydrocarbon solvents vs. carbon and graphite. W. W. Palmquist ..... June 230
Hydrogen peroxide vs. carbon and graphite. W. M. Gaylord ..... Oct. 270
Louisiana carbon black unit (N) ..... June 190
Materials of construction to handle copper sulphate. W. W. Palmquist ..... Apr. 206
Palletizing of carbon black ..... Oct. *168
Phenol versus carbon and graphite. J. F. Roviock ..... Aug. 223
Sulphur vs. construction materials. R. O. Joslyn ..... Sept. 288
Carbon bisulphide flowsheet ..... Jan. *176

Carbon dioxide

Alberta oil used to produce carbon dioxide in Canada ..... Nov. 291
Carbon dioxide well in Utah (N) Nov. 254

Catalysts:

Catalysts report ..... Dec. *187-192
Catalytic gas reformer (N) ..... Apr. *190
Cyanamid's new plant turns out microspherical cracking catalyst (N) Dec. *234
Houdry's new continuous catalytic process converts low-octane naphthas to aromatics or high-octane gasolines (N) ..... June 194
Microspheroidal cracking catalyst flowsheet ..... Nov *218
Spray dryer speeds up catalyst processing at Davison Chemical. June *186
Cation exchangers ..... Dec. 196

Caustic soda:

Commodity survey. J. R. Skuen (tables) ..... Jan *283
How to handle liquid caustic. R. A. Springer ..... Aug. *112
Supply and demand ..... Feb. 132
Caustics—how austenitic nickel cast iron can serve as an alternate for caustic manufacture. H. O. Temple (charts) Dec. *206

Ceiling Price Regulation:

What CPR-22 means to chemical profits June 279 (ed.) ..... June 131

Cellulose:

Radioactive cellulose. F. W. Monor & others ..... Oct. 307
Yarns and fibers to be produced at Edmonton, Canada ..... Nov. 291

Cement:

Construction materials in the paper industry. R. B. Seymour ..... Jan. 318
Construction materials vs. hydrocarbon solvents. R. B. Seymour ..... July 222
Corrosion resistant cement ..... Dec. *196
Ferric chloride vs. cements. R. B. Seymour ..... May 244
Furnace cements used for cement manufacture. Seymour & Steiner (charts) ..... Dec. *205
Hydrogen peromide vs. cements. R. B. Seymour ..... Oct. 271
Materials of construction vs. alcohol. R. B. Seymour ..... Nov. 287
Patching materials ..... Apr. 166
Phenol versus cements. R. B. Seymour ..... Aug. 226
Resin cement ..... Mar. 174, Sept. 199
Resistance to copper sulphate solutions. R. B. Seymour ..... Apr. 212
Stabilizer increases the speed with which cement can seal leaks Nov. 312
Sulphur vs. construction materials. R. B. Seymour ..... Sept. 288
Wetting agent makes stronger concrete blocks ..... Jan. 144
Ceramics—Lithium aluminosilicates ceramics ..... Dec. 198
Ceramics—metal coating ..... June 174

Cermets:

Alumina, chromium. Blackburn & Shevlin (A) ..... July 261
Boron carbide, iron. Hamjian & Lidman (A) ..... July 262

Chemical Engineering:

Achievement Award goes to Phillips Petroleum Co. (N) ..... Oct. *222
Achievement Award presented to Phillips Co. at special dinner. Dec. *189
Achievement Award to Phillips Petroleum Co. better rubber ... Nov. *143
Three new editors ..... Jan. *236
Chemical engineering economics. Stahl & Kasch (A) ..... Feb. 270

Chemical Engineering Reports:

Agglomeration ..... Oct. *161-174
Catalysts ..... Dec. *187-192
Designed fire prevention ..... June *126-134
Glass—its place in chemical processing. J. C. Smith ..... Apr. *117-129
Motors and motor control. V. J. Kropf ..... July *129-136
New processing tools point to improved efficiencies ..... Nov. *167-176
Pollution control ..... May *111-118
Solvent extraction of oilseed. E. P. Corfield Jr. ..... Jan. *127-140
Sublimation. Melvin Nord ... Sept. *187-196
Synthetic fibers ..... Aug. *125-132
Unit processes. P. H. Groggins ..... Mar. *139-141

Chemical Equipment Sales Engineers Assn.

Organization ..... Sept. 232

Chemical Industry:

Break-even charts without fuss, muss or bother. Newton & Aries ... Feb. *148
Chemical growth—1951 model ... Apr. *259
Chemical industry gains ground Nov. 249
Chemicals boom in Los Angeles, petroleum, synthetic rubber, process instruments, paints ..... Dec. *240
Global view of the chemical industries ..... Jan. *201
How the new NPA list rates chemicals (list) ..... July 220
Process industry trends (charts) Jan. 121
Supply and demand (charts & tables) ..... Feb. 130
These projects were under way in 1950 (table) ..... Feb. 122
This war and the chemical process industries
Mobilization ..... Feb. 114
Law and government ..... Feb. 116
Processes and products ..... Feb. 119
Supply and demand ..... Feb. 130
Labor ..... Feb. 137
Profit and loss ..... Feb. 139
Prices ..... Feb. 141
World's chemical production score. Karl Falk (table) ..... July *197
World chemical race speeds up—UN figures (table) ..... Dec. 249
Write-offs issued by DPA in one month (N) ..... June 204
Chemical intermediate—12-hydroxystearic acid ..... Jan. 172
Chile-Kellogg to build refinery (N) . Dec. 239
Chimneys—World's tallest chimney at El Paso smelter (N) ..... Nov. *225
Chlorides—aero cyanuric chloride in large quantities ..... July 166

Chlorimets:

Chlorimets versus chromic acid. W. A. Luce ..... Feb. 246
Construction materials in the paper industry. W. A. Luce ..... Jan. 321
Ferric chloride vs. chlorimets. W. A. Luce ..... May 249
Hydrocarbon solvents vs. construction materials. W. A. Luce ..... July 222
Hydrogen peroxide vs. chlorimets. W. A. Luce ..... Oct. 270
Materials of construction vs. chlorimets. W. A. Luce ..... Nov. 286
Phenol versus chlorimets. W. A. Luce ..... Aug. 224
Resistance to copper sulphate. W. A. Luce ..... Apr. 212
Sulphur vs. construction materials. W. A. Luce ..... Sept. 284

Chlorine:

Caustic and chlorine demand ... Feb. 136
Chlorine-caustic plant to employ mercury cells (N) ..... May 224
Chlorine dioxide for odor control ..... May 188
De Nora cells to be installed in chlorine-caustic plant for the Army Chemical Corps. at Muscle Shoals, Ala. ..... May *215
Liquefaction in a centrifugal unit using Freon Eichenhofer & Fedorof ..... Dec. *142
Nomograph for pressure drop in liquid chlorine lines. D. S. Davis (P. N.) ..... Sept. *178
Supply and demand ..... Feb. 133
Chromatography—industrial use of selective adsorption in Australia (chart) ..... Dec. *261
Chromic acid versus construction materials ..... Feb. *147
Chromite—Chromic anhydride (A) . Jan. 260
Citric acid—Materials of construction vs. citric acid ..... Mar. *211

Cleaning:

Anti-corrosive for metal cleaning and protection ..... Sept. 199
Detergent cleaning compounds .. July 179
Disinfecting floor cleaner ..... Mar. 207
Emulsion cleaner ..... Nov. 307
Slime controlling compound keeps industrial cooling water clean .. May 199
Water repellent used during dry cleaning with synthetic solvents Nov. 312
Clothing for men who handle liquid rocket propellants ..... Feb. *207

Coal:

Balling of ores and coal ..... Oct. *170
Bureau of Mines gasifies pulverized soft coal (N) ..... Sept. 247
Bureau of Mines to try new methods of gasifying coal in ground (N) Mar. 188
Coal chemicals—supply and demand Feb. 134
French firm develops more economical method for coal gasification Sept. 243
Gas from coal, oxygen and steam—pilot plant at Bettelle Memorial Institute (N) ..... Dec. *245
Long range view. G. W. Gleeson (A) Nov. 338
Low temperature carbonization of coal process uses lignite, turns out crude tars and a char ..... Sept. *219
National Petroleum Council checks cost of producing synthetic liquid fuels (A) ..... Dec. 314
New method of underground coal gasification (N) ..... Apr. *192
U. S. Geological Survey reports on coal reserves (N) ..... Sept. 246

Coatings:

Acidproof coating ..... Jan. 164
Anti-corrosion primer ..... Jan. 164
Ceramic metal coating ..... June 174
Chromic acid versus coatings. Kenneth Tator ..... Feb. 147
Electrolytically applied corrosion resistant coating for magnesium-test panels ..... Aug. *166
Ferric chloride vs. coatings. Kenneth Tator ..... May 246
Glass—its place in chemical processing-report. J. C. Smith ... Apr. *117-129
Heat-resistant porcelain enamels Sept. 199
Heat and rust resistant varnish Sept. 201
Help your steel to hold its protective coatings. A. J. Liebman (A). Sept. 326
How to protect your steel. J. B. Scott Apr. *181
Hydrocarbon solvents vs. coatings. Kenneth Tator ..... June 226
Inert coating ..... Jan. 164
Lead pigments for coating ..... Oct. 197
Liquid Hydrolift, molecular film removes moisture from metals .. May 246
Liquid neoprene spray ..... June 162
Materials of construction vs. alcohol. Kenneth Tator ..... Nov. 286
More about protecting your steel. J. B. Scott ..... Sept. *181
Neoprene latex for coating paper Oct. *196
Neoprene protective coating ..... Apr. 166
New aluminum coating ..... Feb. 132
New inhibitor ..... June 162
New phosphate coating process extends lubrication limits ..... Aug. *163
New protective coating for magnesium ..... June 164
New testing concept. Henry Grinsfelder (A) ..... May 277
Phenol versus different coatings. Kenneth Tator ..... Aug. 224
Phosphate coating-corrosion-resistant paint base for metals ..... Sept. 199
Phosphate coating rustproofs .... Oct. 197
Plastic protective coating ..... Apr. *163
Protections against copper sulphate. Kenneth Tator ..... Apr. 212
Refractory coating ..... June 164
Resin coating for steel shipping containers ..... Aug. 230
Resistant coating ..... June 167
Stainless steel coating ..... Dec. 202
Sulphur vs. construction materials. Kenneth Tator ..... Sept. 287
Synthetic adherent coating cuts glare ..... Feb. 139
Teflon dispersions for coating glass cloth ..... Oct. 198
Versatile coating intermediate . Jan. 164
Vinyl coatings. C. G. Munger (A) ..... Dec. 320
Vinyl latex ..... May 240

Coke and coke products:

Great Lakes Carbon puts up new coke ovens (N) ..... June 198
More coal chemicals to come from Colorado coke ovens (N) ..... Apr. 182

New byproduct ovens at Wheeling, W. Va. (N) ..... Aug. 288
U. S. Steel to have two coke ovens (N) ..... Mar. 192
Coloring—powdered dispersed colors. July 165
Column, glass bubble-cap, for distillation. Smith & Kelm ..... Feb. *158

Commodity surveys:

Benzene shortage ..... Aug. *279
Caustic soda. J. R. Bloon (tables) ..... Jan. *233
Ethyl cellulose ..... Mar. *279
Ethyl chloride ..... May *319
The future of pyridine? C. H. Carpenter Jr. ..... Oct. *344
Hydrochloric acid. A. J. F. Wilson ..... July *234
Methanol today ..... June *335
Naphthalene. C. T. Barker ..... Nov. *376
Phosphorus; on the rise ..... Dec. 354
Sulphur ..... Apr. *305
Why the formaldehyde boom? Roger Williams Jr. ..... Sept. *269
Xylene ..... Feb. *166

Communism—Fight Marx with proliferation (ed.) ..... Sept. 172

Computers—if computation costs too much J. W. Donnell ..... Dec. *135

Concentrator, submerged. E. W. Geis (c) ..... July 219

Concrete—Hydrogen peroxide vs. concrete and transite ..... Oct. 266

Condensers—Salt solutions for cooling. David Wittenberg ..... June *141

Construction—Projects under way in 1950 (tables) ..... Feb. 132

Contracts—Want a government contract? John Kent ..... Feb. 143

Containers—Hydraulic discharger for containers is safe, simple and portable. W. L. Patton (P. N.) ..... July *140

Controllers

Control valves—their action and selection. W. G. Holzbock ..... Mar. *118
Geiger counter controls catalyst flow in cracker (N) ..... Mar. 199
Manostat gives close control of pressure in vacuum pan. A. W. Werry (P. N.) ..... Aug. *128
Motors and motor control. V. J. Kropf ..... July *123-126

Cooling towers:

Cooling sulphuric acid by a combination cooler and cooling tower. Sept. *220
Plant operating chart for cooling tower systems. R. L. Ahlness (P. N.) ..... Sept. *176

Copolymer for floor covering ..... Feb. 135

Copper—Corrosion resistance of copper and copper alloys (table) ..... Jan. 185
Hydrogen peroxide vs. copper, copper alloys ..... Oct. 264

Copper ammonium fluoride ..... July 169

Copper sulphate—Materials of construction used to fight corrosion by copper sulphate ..... Apr. *266

Copper 3-phenylsalicylate—textile preservative ..... Oct. 197

Corn has hundreds of uses in chemical industry (N) ..... Dec. 338

Corrosion:

Alcohol vs. materials of construction ..... Nov. 333
Anti-corrosive for metal cleaning and protection ..... Sept. 189
Anti-corrosion formulation for sheet metal ..... Mar. *170
Anti-corrosion primer ..... Jan. 169
Chromic acid versus construction materials ..... Feb. *147
Construction materials in the paper industry pt 4 ..... Jan. *217
Copper and copper alloys corrosion resistance (table) ..... Jan. 186
Copper sulphate versus materials of construction ..... Apr. *266
Corrosion by steel "termites" (A) ..... Nov. 353
Corrosion resistant cement ..... Dec. *196
Desiccant for preventing mold, mildew and rust ..... Nov. 399
Furane cement used for caustic manufacture. Seymour & Bleiler (charts) ..... Dec. *268
How austenitic nickel cast iron can serve as an alternate for caustic manufacture. H. O. Temple charts) ..... Dec. *266
How Morton Salt refines salt, fights corrosion, handles solids. J. A. Lee ..... Jan. *197
How to protect your steel. J. B. Scott ..... Apr. *135
Hydrocarbon solvents vs. construction materials ..... July 322
Hydrometer cylinders made safe for handling corrosives. O. A. Holstein (P. N.) ..... Nov. *153
Indirect pump averts corrosion and packing gland leaks. H. F. Reichard (P. N.) ..... Oct. 153
Inert coating ..... Jan. 164
Liquid corrosion inhibitor ..... Mar. 168
Materials of construction vs. hydrogen peroxide ..... Oct. 263
Metal conditioning primer ..... July 170
More about protecting your steel. J. B. Scott ..... Sept. *167
New protective coating for magnesium ..... June 164
Paste to resist corrosion ..... Mar. 174
Phosphate coating — corrosion-resistant paint base for metals ..... Sept. 198
Phosphate coating rustproofs ..... Oct. *197
Rust preventative ..... Sept. 199
Rust and scale preventive—Borgess utilizes cedar shavings ..... Mar. 173

Cortisone:

Chemist honored for his research work (N) ..... Oct. 319
Glidden Co. expects to produce cortisone from soybeans (N) ..... Oct. 320

Costs:

Cost estimates answer questions. Loyal Clarke ..... Dec. 144
Cost estimating simplified. C. H. Chilton (chart) ..... June 168
Cost estimation. R. P. Wilson (A) ..... Dec. 334
How process equipment costs varied 1913-1950. Marshall & Stevens indexes ..... Feb. 158
Maintenance cost data for commonly used equipment. J. D. Leonard (tables) ..... Sept. 149
Maintenance cost gap. J. D. Leonard (c) ..... Sept. 253
Next time, give the boss a precise capital cost estimate. W. T. Nichols ..... June *143
Process labor requirements. C. H. Chilton (chart) ..... Feb. 151
Ternary diagram simplifies figuring raw materials costs. F. C. Byrnes (P. N.) ..... Mar. *125
What price process plant? (charts) ..... May *144

Cottonseed extraction process (N) ..... May *226

Crane, stacker. F. A. Miller ..... June *250

Cumene—Phenol from cumene ..... Oct. *216

Cyanide—Du Pont build cyanide unit (N) ..... Jan. 188

D

DDT:

DDT for Korea. Katsumi Oga (c) ..... Sept. 253
Pennsalt develops process for blending DDT and BHC (N) ..... Apr. 188

Dacron—new fiber for suitings ..... June 188

Decentralization of industry (map) ..... Oct. 339

Defense:

Four ways to head off your manpower crisis—now ..... Mar. 127
How the new MPA list relates chemicals (list) ..... July 320
Mobilization—Haile Selassie's order contrasted with the Hershey plan. E. A. Walker (A) ..... July 261
Plant defense for process industries. J. F. Elich pt 1 disaster control Oct pt 2 espionage sabotage control Nov. *149 *183
Defoamer, liquid for paper industry June 166

Deionizer cuts costs. Kahler & Morrison ..... May *175

Desiccant—mildew and rust prevention ..... Nov. 398

Design—Opportunities in design. W. A. Hathaway (chart) (A) ..... Jan. 247

Detergents:

Catalysts for synthetic detergents ..... Dec. 165
Hot spraying detergent solves packaging problem (N) ..... Apr. *122
Optical whitening agent for use in lubricants, detergents ..... Sept. 206
Promoted detergent ..... Nov. 397
Synthetic nonionic high viscosity detergents ..... June 165

Diazotization and coupling (Unit Processes Report) ..... Mar. *122

Dibromantin-brominator ..... Aug. 283

Diethyl acetylsuccinate ..... Mar. 166

Diffuser proves worth in beet sugar refining (N) ..... Nov. *238

Dihydroxy diphenyl sulfone ..... Apr. 163

Dimethoxy tetraethylene glycol ..... Sept. 202

Distillation:

All-glass bubble-cap column. Smith & Kelm ..... Feb. *155
Closer fractionation finer chemicals. J. A. Lee ..... Mar. *142
Destructive distillation — fluidised powder (A) ..... Nov. 346
How to calculate distillations with variable relative volatility. Melvin Nord ..... Feb. *144
Low-cost still removes light ends from fatty acids (N) ..... Mar. 195
Oil refinery near the Persian Gulf secures water by distillation. June *212
Save time with systematic method for distillation calculations. Donnell & Turbin ..... July *113
Trend and developments in equipment and techniques ..... Nov. *167

Drives—Auto differential serves as slow-speed mixer drive. R. L. Miller (P. N.) ..... Aug. *139

Drugs:

Amphetamine phosphate ..... Mar. 172
Anti-rheumatic — Genealate sodium ..... Apr. 179
Curare-like anesthetic ..... Jan. 168
Curare-like drug for relaxing muscles during surgery ..... Nov. 398
New drug for treatment of shock Feb. 135
Pain killing drug ..... Jan. 172
Salicylamide for killing pain, reducing fever ..... Nov. 319
17 - hydroxycorticosterone (Kendall's Compound F) ..... Mar. 165

Drums—Returnable metal ..... Jan. *210

Drying:

Spray dryer speeds up catalyst processing at Davison Chemical. June *186
Tallate driers used as naphthenate substitutes ..... Apr. 179

Durimet 20:

Construction materials in the paper industry. W. A. Luce ..... Jan. 218
Ferric chloride vs. Durimet 20. W. A. Luce ..... May 246
Handling copper sulphate. W. A. Luce ..... Apr. 310
Phenol versus Durimet 20. W. A. Luce ..... Aug. 224
Sulphur vs. construction materials. W. A. Luce ..... Sept. 227
Versus chromic acid. W. A. Luce. Feb. 244
Versus hydrocarbon solvents. W. A. Luce ..... June 328
Vs. hydrogen peroxide. W. A. Luce ..... Oct. 271

Dust and Fume Handling:

Detergent licks smog at asphalt treating plant (N) ..... Mar. 196
Filters aid air-source control of dusts. W. O. Vedder ..... May *140
Precipitators stop dust and fumes. W. T. Sproull ..... May *151
Processes use many collector types. C. E. Lapple (charts & table) May *144
Sonic agglomeration—a new solution. Gordon Kiddoo ..... May *154
Tester determines properties of dust filter media. Michels & Wolbach (P.N.) ..... Jan. *126
What process wastes cause air pollution? Leslie Silverman (table). May *132
When wastes go up the stack. Marcus Sittenfield ..... May *138

Dyes:

Carbide & Carbon Chemical develops new process for dyeing Dynel (N) ..... Dec. 339
Dyes for iron ores ..... June 172
Dye intermediate ..... Nov. 398
Hot oil dyeing catches on (N) .. Oct. 320
Marhen process measures reduction potential of vat dye baths (N) Dec. *332
New dye intermediate—"pep" .. June 167
Dynel—New synthetic fiber outstrips capacity at start of its commercial career ..... Jan. *186

Forks, pivoted.....Feb. 172
Fractionating tower.....June *148
Freeze-drying unit.....Aug. 152
Fume ducts, all-plastic.....Oct. *194
Function plotter.....May 188
Furnace, continuous belt.....Nov. *192

NOTES—(A) Abstract; (c) Comment; (ed) Editorial; (E.N.) Equipment, News. * Illustrated; (N) News; (P.N.) Plant Notebook

Gage, beta ray ..... June *158
Gage, differential pressure ..... Apr. 144
Gage, level ..... July 164
Gage, thickness ..... Mar. *154
Gage, vacuum ..... Mar. 152
Gage bleeder, pressure ..... May *190
Gage glass ..... July 148
Gas detector, portable ..... Mar. *154
Gas mask canister ..... Oct. 188
Geiger counter ..... July 162, Sept. 197
Generators, radio frequency ..... June 143
Generator, steam ..... Jan. 159; Apr. *152; June *146; July 146; Sept. *184
Generator, turbo ..... Nov. 197
Generator, ultrasonic ..... Aug. *149
Glass, alkali-resistant ..... Nov. *196
Glass fiber membrane for acidproof floors ..... Jan. 150
Glass, heating ..... Jan. 158
Glove insert ..... Apr. 158
Gloves, plastic-coated ..... Oct. 188
Glove, vinyl resin safety ..... Apr. 159
Goggle, gas-tight ..... Aug. *160
Goggle, plastic ..... June 150; July *161
Goggles, safety ..... Feb. 160
Granulator, oscillating ..... Feb. *164
Graph paper, arctangent ..... Oct. *180
Guns, metallizing ..... Nov. *197
Handling technique ..... July *148
Heat exchanger ..... Jan. *146; June *148
Heat exchangers, aluminum ..... Sept. 184
Heat exchanger for corrosive conditions ..... June 148
Heat exchanger in layers ..... Dec. *188
Heat-transfer equipment ..... Nov. *192
Heater, direct fired ..... Sept. *184
Heater, feedwater ..... Mar. 157
Heater, lacquer ..... Oct. *192
Heater, process ..... Apr. *152
Heater, radiant ..... Apr. *154
Heaters, tubular ..... June 148
Heating element, electric ..... Dec. *186
Heating units ..... Feb. *170; Dec. *188
Hoist and derrick ..... Mar. *151
Hoist, double hook ..... Feb. *174
Hoist, electric ..... Mar. *151
Hoist, portable skip ..... July 146
Hoist, spur-gear ..... Oct. *188
Hood, glass-lined fume ..... Sept. 188
Hopper, portable ..... Mar. *151
Hose, flexible stainless ..... Feb. 162
Hose, neoprene ..... Dec. *191
Humidifier, with pressure atomizer ..... July 146
Humidifier unit ..... Apr. 152
Hydrator, lime making ..... May *178
Hydrogenator with agitators ..... June *145
Hygrometer, electronic ..... Jan. 154
Incinerator, fume ..... Feb. 162
Indicator, CO_2 ..... Apr. *144
Indicator, humidity ..... July *180
Indicator, specific gravity ..... Mar. *154
Indicator, tachometer ..... July 148
Indicator, three position ..... Sept. 194
Indicator, weight ..... Mar. *154
Inhalator ..... Dec. *186
Insulation, pipe ..... Dec. *186
Ion exchange unit ..... Sept. 192
Joint, corrosion resistant ..... Sept. *162; Oct. *184
Joint, expansion ..... Mar. 145; July 152; Aug. 144
Joints, revolving ..... May *194; Sept. 182; Nov. *202
Joint, teflon expansion ..... Jan. *148
Joint, threaded ..... Mar. 154
Kilns, rotary ..... Aug. 152
Kneader, heavy-duty ..... May *170
Kneader, laboratory ..... Sept. *190
Labeler, automatic ..... Aug. 142
Labels, waterproof ..... Oct. *190
Lamp, blacklight ..... Aug. 148
Light, emergency ..... Mar. 146
Lighting system, integrated ..... July *150
Load cells, tensional ..... May *188
Load control, centrifuge ..... July *184
Loader, box car ..... Aug. *144
Loader, pallet ..... Dec. 184
Lubrication unit ..... Mar. *146
Manometer ..... July 148; Oct. *180
Manometer, electronic ..... Nov. *200
Manometer, kinetic ..... Jan. *148
Mask, padding ..... Mar. 154
Masticators, continuous ..... Apr. *142
Mat, rubber lading ..... Aug. 142
Measuring device ..... July 146
Mercury trap ..... Nov. *202
Metallizing unit ..... Oct. 194
Metallograph ..... July *158
Meter, air pollution ..... Mar. 157
Meter, air velocity ..... May 190
Meter, barrel filling ..... Feb. *174
Meter, compound ..... Aug. *158
Meter, frequency ..... Apr. *142
Meter, moisture ..... June *148
Meter, positive-displacement ..... Feb. 168
Meter, purge ..... Nov. *202
Meters, radiation ..... Aug. 150
Meter, surface tension ..... Sept. *194
Meter, ultrasound intensity ..... Dec. 180
Meter, versatile pH ..... May *158; Oct. 178
Meter, viscosity, battery operated ..... Dec. *180
Meter, viscosity for materials ..... Dec. 180
Meter, viscosity for thixotropic ..... Dec. 180
Microphotometer ..... July 156
Mill, continuous ball ..... Dec. *178
Mills, fluid energy ..... Nov. *188
Mixer, Banbury ..... Feb. 164
Mixer, change tank ..... Mar. 152
Mixer, heavy-duty ..... Feb. *164
Mixer, jacketed ..... Mar. 158
Mixer, multi-speed ..... July *160
Mixing device ..... July 158
Motors, electric ..... Nov. *197
Motors, explosion-proof ..... Jan. *156
Motor, gear ..... Apr. 156, May 195; Sept. 182
Motors, splash-proof ..... Apr. 156
Motor, synchronous ..... Dec. 182
Motors, wound-rotor ..... Jan. *152
Motor base, tilting ..... Mar. *146
Motor starter ..... July 152
Nozzle, elbow ..... Aug. 152
Nozzle, foam ..... Jan. 160
Nozzle, fog ..... Jan. *152; Feb. 160; Sept. *192
Office copying machine ..... Jan. *144
Oil burner ..... Mar. *161
Oven, gas-fired ..... Apr. 153
Oven, laboratory ..... June 148
Oven, portable ..... Oct. 182
Oven, portable electric ..... Feb. 170; May 185
Oxygen unit, emergency ..... Mar. 164
Ozonator ..... July 158
Packages, plastic film ..... Feb. 172; Aug. *143
Packaging machine ..... June 154
Packaging tube bundles ..... July 145
Packer, automatic ..... Nov. *190
Packer, automatic valve-bag ..... Feb. *174
Packer, bag ..... Nov. *190
Packing, mechanical ..... Mar. 146
Packing, tube sheet ..... Feb. 172
Packing, wire gauze ring ..... Oct. 178
Pallet and cover, keg ..... Oct. *189
Pipe, plastic fittings ..... Jan. 159
Pipe, stainless ..... Aug. *144
Pipe hanger ..... July *154; Dec. *190
Pipe threader ..... Aug. 144
Piping, glass-lined ..... Mar. *144
Piping system, pulse-free ..... Jan. 152
Pipeline, aluminum underground ..... Sept. 182
Plastic shapes ..... June 150
Plastics, metal-surfaced ..... Nov. *194
Plastics—new production method ..... Feb. 164
Pliers, safety goggle ..... Oct. 186
Polarograph ..... Aug. 149
Potentiometer ..... Aug. 149
Potentiometer, circuit ..... Dec. 180
Power plants, mobile ..... July *152
Power units, hydraulic ..... June *158
Precipitators, electrical ..... Feb. 166
Press, hydraulic ..... Apr. 158
Press, laboratory ..... July 156
Pressure cell, differential ..... May *190
Pressure measurement for pipelines ..... Aug. 154
Pressure unit, differential ..... Dec. 178
Pressure vessel for liquid N_2 ..... May *183
Printer, package ..... Apr. 150
Pulverizer ..... Aug. 152
Pulverizer, impact ..... Mar. *158
Pulverizer, miniature ..... Nov. *188
Pump, centrifugal ..... June 144; July 152; Aug. 154; Oct. 190; Dec. *190
Pump, compact ..... Apr. 154
Pump, glass ..... Nov. *205
Pumps, high head ..... June 154
Pump, high pressure ..... May *158; Sept. *182; Nov. *204
Pump, high-vacuum ..... Aug. *154
Pump, hydro-pneumatic ..... Apr. *154
Pump, impervious graphite ..... Jan. 159
Pumps, opposed impeller ..... Oct. *190
Pumps, plastic ..... July 154
Pump, positive displacement ..... Feb. *164
Pump, process ..... Jan. *152; Nov. *202
Pump, proportioning ..... Mar. *148
Pumps, reagent ..... Mar. 149; Apr. *154
Pump, reciprocating ..... Oct. *191
Pumps, rotary ..... Apr. 154; Dec. *192
Pump, self-priming ..... Nov. *202
Pump, sludge ..... Oct. *190
Pump, spray gun ..... Jan. *150
Pumps, stainless ..... July 154
Pumps, stainless metering ..... Sept. *182
Pump, triplex ..... July *154; Dec. *192
Pump for HCL ..... Jan. 152
Pump, turbine ..... Sept. *182
Pump, vacuum ..... June *148
Pump and clutch unit ..... Feb. *162
Purifier, vapor ..... Nov. *199
Pyrometer, controlling ..... May 188
Pyrometer, portable ..... Aug. *148
Radiant heating panel, glass ..... Sept. *184
Radio, two-way ..... Jan. *142
Reactor, alkylation ..... Apr. *142
Recorder, automatic ..... Dec. *189
Recorder, conductivity ..... June 167
Recorders, electric ..... Aug. 150
Recorder, electronic ..... Feb. *166; Mar. 152
Recorder, graphic panel ..... Jan. 156
Recorder, high-speed ..... July 148
Recorder, multi-point ..... July *150
Recorder, portable strip-chart ..... July 148
Recorder, running-time ..... Aug 150
Recorder, strip chart ..... May 183
Recorder, viscosity ..... Aug. 149
Recorder, wind velocity ..... Aug. *154
Rectifier, electroplating ..... Aug. *146
Rectifiers, selenium ..... Nov. *199
Reducer fitting ..... Dec. *182
Refrigeration machines ..... May *192
Refrigeration unit ..... June *148
Relay, circuit reclosing ..... Oct. 178
Relay, control ..... June 156
Relay, time delay ..... Sept. 187
Resin unit, synthetic ..... Mar. *148
Respirator, air line ..... Feb. *156
Respirator, ultra-filter ..... Dec. *186
Respirator with mineral wool filter ..... Aug. 158
Ring, overlapping drum ..... Nov. *190
Rod, hard-facing ..... Nov. *194
Roller, pallet ..... Feb. 172
Rubber tester ..... July 154
Sandals, non-skid canvas ..... Oct. *188
Scaffold, extension ..... Feb. *162
Scale, platform ..... May 188
Scanning system ..... Dec. *178
Scoop, hydraulic ..... Feb. 172
Screen, heated ..... Aug. *153
Screen, Saran screen silkage ..... May *179
Screen units, tandem mounted ..... July *148
Screws, hollow conveyor ..... Oct *193
Seal, mechanical ..... Jan. 160; June 161
Seal, Teflon-metal ..... July 156
Sealer, heat ..... Apr. *150
Sealer, pipe joint ..... Feb. 162
Separator, centrifugal ..... Jan. *148
Separators, entrainment ..... Mar. 158
Serrating tool ..... Feb. 172
Servomechanism unit ..... Dec. 180
Sheet, reinforced plastic ..... Nov. *194
Shovel, tractor ..... Feb. *176
Sifter, gyratory ..... Mar. 156; Apr. *142
Signal, multiple-unit ..... Jan. *146
Signal, overload warning ..... Apr. *150
Signs, safety ..... Oct. *188
Spacer, porcelain ..... Mar. 145
Spectacles, safety ..... Mar. 156
Spectrometer, direct-reading ..... May 185
Spectrometer, infrared ..... Mar. *152
Spectrometer, mass ..... Jan. *154
Speed control ..... July 152; Oct. 194
Speed control, electric remote ..... Jan. 150; Oct. 194
Speed control for magnetic drives ..... Sept. 187
Speed driver, variable ..... Apr. *154; May 195; June 160
Spray gun, dual ..... June 150
Sprinkler head ..... Sept. *192
Stabilizer, voltage ..... May 188
Stacker ..... Aug. 143
Stacker, electric ..... Jan. 160
Stacker, hand lift ..... Apr. *149
Starter, part winding ..... July 150
Starters, magnetic ..... May *196
Starters, motor ..... Jan. *156
Steel, ceramic-coated ..... Oct. 184
Steel, silver-clad ..... May 195
Stopwatches ..... May 188
Storage vessel, pressure ..... Nov. *188
Strain gage application ..... Jan. *162
Sweat band ..... July 162
Switch, air flow ..... Sept. *194
Switch, explosion-proof ..... Feb. 172
Switch, level ..... Nov. *200
Switch, mercury ..... Mar. *158
Switch, pressure ..... May 190
Tachometer ..... June 156; July 148
Tachometer ..... Aug. 150; Sept. 188
Tank, liquid storage ..... Nov. 197
Tank liners, polyethylene ..... Aug. 156
Tape, heating ..... Dec. 186
Tape, labeling ..... Nov. *198
Tape dispenser ..... June 152
Telemetering equipment ..... Dec. *180
Television, industrial ..... July 161
Test stand, hydraulic ..... Dec. *182
Testers, air pollution ..... Feb. 168
Tester, low ranges ..... Sept. 194
Tester, moisture ..... Feb. *162
Tester, tin plate ..... May *189
Tester, viscosity ..... May *186
Thermometer, all-purpose ..... July 154
Thermometer, cupcase ..... Nov. *202
Thermometer, dial ..... Sept. 194
Thermometer, pocket ..... Dec. 180
Thermometer, resistance ..... Apr. 144; Aug. 150
Thermometer, surface ..... Apr. *144
Thermostat, expanding tube ..... Sept. *196
Timer, program ..... June *158
Timer, recycling ..... June 158
Timer, synchronous ..... June 158
Tissues, silicone lens ..... Feb. *180
Torquemeter, strain gage ..... May *180
Trailers, fire-fighting ..... Apr. *148
Trailers, industrial ..... Mar. 145
Trailer, self-dumping ..... July 145
Transformer, vapor-cooled ..... Oct. *193
Transmitter, flow ..... May 190; Aug. *154
Trolleys, hoist ..... Apr. 149
Trolley, motor-driven ..... Nov. *200
Trucks, counter-control fork ..... Jan. *144
Truck, diesel lift ..... June 152
Truck, electric ..... May 183; Oct. 189
Truck, electric fork ..... Apr. 149
Truck, electric pallet ..... Feb. *174; Oct. 189
Truck, extra-high lift ..... May *182
Truck, fork ..... Apr. *149; Aug. 142; Sept. 181; Nov. *198
Truck, fork, carries drums ..... Dec. *184
Truck, fork—Pul-Pac device ..... Feb. *176
Truck, industrial ..... June *152
Truck, industrial lift ..... Mar. *151
Truck, sideloading ..... June 152
Tube, vortex ..... Jan. 162
Tube bender ..... July *152
Tube cleaner ..... July 145
Tube, heat-transfer ..... Aug. *158
Tubing, corrosive resistant ..... Mar. 154
Tubing, heat exchanger ..... June *148
Tubing, plastic-clad ..... Feb. *172
Tubing, flexible plastic ..... Jan. 144, 158
Tumble jar ..... May 179
Tumbling machines ..... June *148
Turbine, gas, for compressors ..... Dec. *182
Turbine, gas, for driving ..... Dec. *182
Turbine, vertical ..... Oct. *192
Turbine units, geared ..... Feb. *172
Unloader, portable car ..... Feb. 174
Vacuum bottle ..... June 148
Vacuum cleaner ..... June 158; Aug. 146
Vacuum sweeper ..... Nov. *198
Vacuum system ..... July *160
Valve, bin ..... Mar. *151; Aug. *152
Valve, blow-off ..... Nov. *200
Valve, butterfly ..... Apr. *146
Valves, cast-steel ..... Feb. 161
Valve, control ..... Feb. *161; Mar. *146; May *150; Nov. *200
Valve, damping ..... July 156
Valves, ejector ..... May 179

NOTES—(A) Abstract; (c) Comment; (ed) Editorial; (E.N.) Equipment, News. * Illustrated; (N) News; (P.N.) Plant Notebook

Valve, float operated ..... Dec. 178
Valve, gage ..... June *154
Valve, gate ..... July 152
Valves, globe ..... Jan. *148
Valve, high vacuum ..... Sept. *182
Valve, iron ..... Dec. 194
Valve, low pressure drop control Jan. 150
Valves, pilot ..... Feb. 182
Valve, pinch ..... Aug. 144
Valve, plug ..... Nov. 200
Valves, polyethylene ..... Nov. *196
Valve, reducing ..... Jan. 143
Valves, regulating Mar. *145; Apr. *146
Valve, rubber-lined ..... May *180
Valve, safety relief Jan. 153; Mar. 145; Nov. *202
Valve, solenoid ..... Apr. 146; May 179; Sept. 182
Valve, swing-check ..... Jan. *146
Valve actuators ..... June 156
Valve handwheel ..... May *180
Valve operator ..... Aug. *144
Valve seal ..... Dec. *193
Ventilators, roof ..... May *190; Nov. *202
Vibrating unit for aching feet .. Dec. 186
Vibrator, bin ..... Feb. *174; Aug. *142; Sept. 118
Vibrators, electric ..... Mar. *183
Visual aid system ..... Nov. *199
Washer, solids ..... Nov. *188
Water chlorinator ..... Sept. 190
Water coolers ..... May *192; July *146
Water treatment units ..... May *179
Weighing device, cylinder ..... Apr. 156
Weight transmitter ..... Nov. *202
Weightograph ..... May *188
Welding, flame-gouging process. Mar. *140
Welding, three o'clock process .. Mar. 160
Welding flux ..... Feb. 170; June 150
Welding rods, aluminum ..... Nov. *186
Welding rod, bronze ..... Aug. 156
Welding rod, hard facing ..... Apr. 150
Wrenches ..... Sept. *184
X-ray apparatus ..... Mar. 162

Esterification (Unit Processes Report) Mar. *139

Ethanolamine:

Jefferson Chemical expands output (N) ..... July 139
To be produced by Dow Chemical (N) ..... June 151
Ethyl cellulose ..... Mar. *270
Ethyl chloride survey ..... May *319
Ethylene—Five steps to ethylene in England ..... Aug. 218
Ethylene oxide—Oxidation process pares cost (N) ..... June 194

Evaporation:

New evaporator to be tried on spent sulphite liquor (N) ..... Nov. 250
Oil refinery near the Persian Gulf secures water by distillation. June *212
Sodium sulphate process problems overcome with new type evaporator. A. A. Holland ..... Jan. *106
Vacuum evaporation used at Morton Salt. J. A. Lee ..... Jan. *102
Waste sulphite liquor concentrated in evaporators and burned (N) .. Aug. *181
Explosions—Design closed vessels to withstand internal explosions. Cousins & Cotton ..... Aug. *138
Explosives—How the new napalm process works (chart) ..... Nov. *182

Expositions:

Chemical Industries Exposition planned for November (N) .... Oct. *240
France to hold two expositions for chemical industry ..... Oct. 255

Extraction:

Equipment hook-up serves for both extraction and automatic feed. W. P. Jones (P. N.) ..... Aug. *130
New continuous extractor ..... Sept. *232
New solvent extraction process for the cottonseed industry (N) .. May *228
Solvent extraction of cocoa butter ..... July *254
Solvent extraction of oilseed—report. E. F. Cofield Jr. ..... Jan. *127-140
Traveling screen controls movement of cotton-seed flakes in oil extraction (N) ..... Dec. *244
Trend and developments in equipment and techniques ..... Nov. *197
Extrusion—Plastic masses can be extruded ..... Oct. *166
ulation ..... Aug. 160

F

Feed—antibiotic animal feed supplement Jan. 182
Feeders—Equipment hook-up serves for both extraction and automatic feed. P. P. Jones (P. N.) ..... Aug. *130
Ferric chloride vs. materials of construction ..... May 244

Fertilizers:

European progress in nitric acidulation of rock phosphate. M. H. R. J. Pluaje ..... May 189
Granulator fertilizer mixing plant Feb. *180
Granulation of fertilizers ..... Oct. *149
Great Britain producing fertilizers by using nitric acid for extraction of phosphate ..... June 216
National Fertilizer Assn. and TVA bury the hatchet (ed.) ..... Aug. 121
Nitric acidulation of rock phosphate. T. P. Hignett ..... May *166
Odor elimination process in fertilizer plant. J. V. Hightower ..... June *116
Refinery processes wastes into salable fertilizer (N) ..... Mar. 190
Restoring brown-spotted lawns. Nov. 212
Seaweed from Oregon beach treated to make fertilizers (N) ..... Dec. *248
Sulphur for fertilizers (ed.) ..... Apr. 121
Texas plant to produce chemical fertilizers (N) ..... Jan. 189
TVA calcium metaphosphate plant design improved. Yates, Roy & Meline June *135 correction Sept. 254

Fibers:

Catalysts for synthetic fibers .... Dec. 186
Dacron, new fiber for suitings .. June 188
Fiber V to be made in North Carolina unit (N) ..... Jan. 190
Flameproof Orlon ..... June 174
Synthetic fiber plants going up Feb. 119
Synthetic fibers—supply and demand Feb. 188
Wool like fiber ..... Dec. 262
Fibers see also Glass fibers

Filtration:

Combination device handles three steps in one simple unit. A. W. Billitzer (P. N.) ..... Mar. *124
Filters aid at-source control of dusts. W. O. Vedder ..... May *140
Improved filtration using new synthetic fibers (N) ..... Aug. 193
Latest filtration theory and practice. Shelby Miller, Charles Fuhrmeister Jr. ..... Oct. 262

Finance:

Break-even charts without fuss, muss or bother. Newton & Aries .... Feb. *148
Cost estimates answer questions. Loyal Clarke ..... Dec. 144
New approach to payout calculations. John Happel (tables) ..... Oct. 146
Profit and loss in 1950 (tables) .. Feb. 159
Turnover ratios analyzed. Gordon Kiddoo (table) ..... Oct. 145
What price process plants? (charts) May *164

Fire protection:

Cut down tank fires (N) ..... July *134
Designed fire prevention report. J. J. Duggan ..... June *135-134
Flameproof Orlon ..... June 174
Fluidized solids used in fire protection ..... Feb. *180
Mechanical fire fighting foam has universal application ..... Aug. 162
Thermoplastic sheet material is flame-resistant ..... Feb. 190
Way to fight kettle fires with inert gas. A. J. Pritsche (P. N.) .... June *180
Plating agent ..... Feb. 190
Floors—use and abuse. E. F. Mumaw (A) ..... Feb. 262
Flotation—Industrial uses of selective adsorption in Australia (chart) Dec. *261
Flowmeters—Removable orifice improves operation of head type flowmeter. L. Bergman (P. N.) ..... Nov. *194

Flowsheets:

Acetylene chemicals ..... June *176
Anhydrous ammonia ..... Aug. *174
Anhydrous hydrogen chloride .... Oct. *248
Carbon bisulphide ..... Jan. *174
Carbon black ..... Mar. *101
Carbon black ..... July *178
Continuous triple superphosphate May *200
Fungal amylase process ..... Mar. *244
H2 SO4 alkylation ..... Sept. *212
Hot oil dyeing ..... Oct. *220
Inositol from corn step liquor .... July *200
Magnesium carbonate production Sept. 141
Mercaptans and disulphides .... Mar. *176
Microspherioidal cracking catalyst Nov. *218
Monoglyceride from soybean oil. July *200
Morton Salt ..... Jan. *168
Penicillin ..... Apr. *174
Peppermint oil ..... Feb. *192
Phenol from cumene ..... Oct. *218
Phosphorus process ..... Apr. *192
Precision magnesia insulation .... Dec. *194
Solids recovery from slurries by cyclone separators ..... Nov. *220
Solvent extraction of cocoa butter July *254
Urea processes ..... Mar. *112

Fluids:

New and improved processing tools Nov. *187
Non-flammable hydraulic fluid .. Jan. 170
Fluorescent powders for color television tubes ..... Jan. 166
Fluorides scrubbers. A. B. Petit ..... Aug. *240
Fluorides—new organic fluorides .. Jan. 152
Fluorine—What's ahead for fluorochemicals. J. O. Hendricks ..... Oct. 204
Fluorochemicals go commercial ..... Dec. *215
Foam core material—liquid phenolic resin Oct. *198
Foaming agent—offers operating economies ..... Feb. 195

Food:

Chemicals in foods. L. C. Cartwright & others ..... Oct. 201
Fean-Kem food preservative ..... Apr. 162
How refute these faulty findings? (ed.) ..... Aug. 120
Forging descaling bath ..... Aug. *164

Formaldehyde:

Borden builds Southeast's first formaldehyde plant (N) ..... July 136
Canadian plant to produce ..... Nov. 251
Cold urea formaldehyde curing lacquer produced in India ..... Oct. 254
Why the formaldehyde boom? Roger Williams Jr. ..... Sept. *209
4-Vinylpyridine used as building block Feb. 188

France:

Alcohol producers and chemical and petroleum industries study synthetic rubber ..... Nov. 236
Monochloroacetaldehyde being made May 240
Rayon staple exports; oil deposit Feb. 221
Sulphuric acid plant rebuilt .... Nov. 254
Friedel-Crafts (Unit Processes Report) Mar. *141

Fuel:

National Petroleum Council checks cost of producing synthetic liquid fuels (A) ..... Dec. 314
Oil from coal synthesis plant now under way in South Africa .... Oct. 254
Oil shales. G. W. Gleeson (A) .... Nov. 342
Overreaching for synthetic fuels (ed.) ..... Apr. 121
Synthetic fuels from natural gas. Keith & Arnold ..... Oct. 208
Synthetic liquid fuels. G. W. Gleeson (A) ..... Nov. 340
Fuel see also Coal, Gas, Natural Gas
Fungal amylase process (A) ..... Mar. *244
Fungicides—possible fungicide 2-methyl-4-nap[illegible]quinone ..... Jan. 168
Furfural—Quaker Oats to produce (N) Mar. 196

Furnaces:

Phosphorus furnace rotates. M. M. Striplin Jr. & others ..... July *108
Rotating furnace used for phosphorus at TVA (N) ..... June *204

G

Gamma rays preserve foods (A) .... Sept. 247

Gas:

Alkacid process removes hydrogen sulphide from sour gas (N) .... Nov. *246
Bubbler for laboratory use. Li Wen Han (P. N.) ..... May *171
Bureau of Mines gasifies pulverized soft coal (N) ..... Sept. 247
Bureau of Mines to try new methods of gasifying coal in ground (N) May. 188
Catalysts for aromatics and aviation gas ..... Dec. 187
Converting to z-compressibility. E. A. Kobe ..... Oct. *149
French firm develops a more economic method for gasification of coal Sept. *242
Gas, catalytic, reformer (N) ..... Apr. *196
Gas from coal, oxygen and steam—pilot plant at Batelle Memorial Institute (N) ..... Dec. *246
Gas mixtures controlled by mass spectrometer. C. F. Robinson ..... Dec. *136
Liquified petroleum gas—markets expanding. Alden, Gilmore & Tucker (P) ..... Sept. 244
Nomograph for process systems. C. D. Spangenberg Jr. ..... Sept. *170
Oil gas patent granted to Gas Machinery (N) ..... Jan. 182
Shell puts up new unit to burn waste gases (N) ..... July *199
Simple way to graph gas flow rates. C. J. Carmichael Jr. (P. N.) ... Feb. *154
Technique prevents emulsions and suspensions (N) ..... Oct. 240

NOTES—(A) Abstract; (c) Comment; (ed) Editorial; (E.N.) Equipment, News. * Illustrated; (N) News; (P.N.) Plant Notebook

Gasket material—asbestos-neoprene formulation ..... Aug. 169

Gasoline:

Additive cuts spark plug fouling Dec. 197
Cyanamid's new plant turns out microspherical cracking catalyst (N) ..... Dec. *224
Fluid Hydroforming—Kellogg's new process ..... Sept. *244
H2 SO4 alkylation flowsheet ..... Sept. *312
Olefin polymerization. Langlois & Walkey (A) ..... Sept. 346
Sulphuric acid alkylation unit will make aviation gasoline (N) ..Aug. 188

Germany:

Houdriflow catalytic cracking unit Emsland ..... July 226
New phosphorus furnace ..... May 249
Synthetic fiber from furfural process developed ..... May 239
Titanium dioxide pigments to be increased ..... May 239
Glisonite boom to rubber cutbacks (N) Mar. 199

Glass:

All-glass bubble-cap column. Smith & Kelm ..... Feb. *155
Chromic acid versus glass lining. S. W. McCann ..... Feb. 243
Ferric chloride vs. glass lining. S. W. McCann ..... May 245
Hydrocarbon solvents vs. glass lining. S. W. McCann ..... July 222
Hydrogen peroxide vs. glass lining. S. W. McCann ..... Oct. 269
Materials of construction vs. alcohol. S. W. McCann ..... Nov. 293
Phenol versus glass-lined equipment. S. W. McCann ..... Aug. 224
Report on its place in chemical processing. J. C. Smith..Apr. *117-129

Glass Fibers:

Glass cloth, silicon treated ..... Dec. 202
Keep strength when sized with silane (N) ..... May *231
Polyester laminates. L. L. Yaeger (A) ..... May 246
Synthetic fibers report ..... Aug. *135-153
Glue—Boil-proof glue, resorcin-phenol adhesive ..... Oct. 198
Glycol—1, 2 butylene glycol—solvent and coupling agent ..... Mar. 164
Granulation of fertilizers ..... Oct. *149
Granulator fertilizer mixing plant...Feb. *156

Great Britain:

Aureomycin plant being built; contact plant to utilize pyrites; Anglo-Iranian Oil refinery ..... Feb. 227
Imperial Chemical Industries develops first stage of huge expansion ..... Mar. *202
New carbon black plant ..... Sept. 271
New insecticides ..... May 238
Piperony' butoxide produced ..... Apr. 202
Stearic and oleic acids produced ..Mar. 204
Sulphur plant to be built soon near Southhampton ..... Sept. 271
Sulphuric acid from mineral anhydrite discussed ..... Apr. 202
Sulphuric acid production ..... Mar. 205
Sulphuric acid to be produced from mineral anhydrite ..... May 238
Titanium dioxide to be produced May 238
Zirconium metal production started Apr. 202
Grinding—Deep-freeze grinding with liquid nitrogen ..... June *188
Grinding mills. A. W. Fahrenwald (A) May 274

H

Hafnium:

Hot filament method yields first commercial hafnium (N) ..... Apr. *183
Halogenation (Unit Processes Report) Mar. *122

Hastelloy:

Ferric chloride vs. hastelloy. E. D. Weisert ..... May 250
Hydrocarbon solvents vs. hastelloy. E. D. Weisert ..... July 223
Materials of construction vs. alcohol. E. D. Weisert ..... Nov. 292
Phenol versus hastelloy. E. D. Weisert ..... Aug. 222
Resistance to copper sulphate solutions. E. D. Weisert..... Apr. 216

Heat:

Electronic heat hardens steel parts (A) ..... May *275
Radiant heater for petroleum processing (N) ..... June *200
Test finds faulty operation of generating feedwater heater. M. L. Oliver (P. N.) ..... Sept. 276
Unit heater enneaded from the ceiling to increase drying oven capacity (P. N.) ..... Jan. *128
Heat exchangers—Something new in heat exchangers ..... Nov. *161

Heat transfer:

Evaluating film coefficients for single condensing vapors. A. Devore (P. N.) ..... June *138
Heat transfer to fluidized solids. R. A. Noble & others..... Sept. *174
Short cuts to heat-transfer coefficients. G. F. DuVies..... Aug. *132
Herbicides—Defoliants and herbicides outlook for 1952 (N)..... Dec. 244
Herbicide—for killing weeds and grasses in cotton fields ..... Nov. 305
Hexachlorocyclohexane—in large quantities ..... Feb. 184

High Pressures:

High pressures. C. O. Strother (A) July 240
How to pack reciprocating rods against high pressures. Walter Coopey ..... Nov. *164
How to seal rotating shafts against high pressures. Walter Coopey July *116
Safety in high pressure cycling. J. A. Lee ..... Aug. *197
Hormones—Revolution in synthetic hormones—Mexico City produces...Apr. *193

Hydraulics:

Hydraulic discharger for containers is safe, simple and portable. W. L. Patton (P.N.) ..... July *149
Use an orifice-valve for checking flow rates periodically. J. B. O'Hara (P. N.) ..... May *170
Viscosity of water between 5 deg. and 70 deg. D. S. Davis (P. N.)... July *142
Hydrocarbons—Construction materials vs. hydrocarbon solvents pt. 1 June *230
pt. 2 ..... July 223

Hydrochloric acid:

New byproduct hydrochloric acid rules the roost-survey. A. J. P. Wilson ..... July *224
Supply and demand ..... Feb. 188
Hydrogen bomb—Du Pont may try to make tritium at new South Carolina plant (map)..... Jan. 181

Hydrogen peroxide:

Du Pont will use new process (N) Mar. 194
Materials of construction vs. hydrogen peroxide ..... Oct. 263
Progress in transforming and concentrating it for industrial uses. G. A. Zotos..... Apr. *114
Hydrolysis and hydration (Unit Processes report) ..... Mar. *137
Hydrometer cylinders made safe for handling corrosives. O. A. Holstein (P. N.) ..... Nov. *183
Hydroxycorticosterone, 17 (Kendall's Compound P) ..... Mar. 166
Hypersorbers at Dow plant (N)..... July *183

I

Ice melter thaws with 30 times the efficiency of salt..... Nov. 212
Ilmenite smelting process successful in pilot plant (N)..... Mar. 194

India:

Caustic soda selling price raised..Aug. 220
First staple fiber plant..... July 216
Here's India's stake in a chemical industry. S. C. Dholakia..... Feb. *224
India to erect caustic soda plant. R. V. Ramani (c)..... July 203
Kraft paper to be produced from bagasse ..... July 216
New drying oil..... Mar. 204
Silicon tetrachloride production experiments successful ..... July 216
Synthetic resins to be made by Reichold Chemicals ..... Aug. 220
Uranium plant nearly completed. Mar. 204
Inositol from A. E. Staley Mfg.....July *200

Insecticides:

Aerosol ..... Feb. 186
Isopestox ..... July *144
Non-toxic, mite-killer-Aramite..Aug. 163
Pennsalt develops process for blending DDT and BHC (N)..... Apr. 186
Union Carbide will produce new synthetic insecticide (N)..... Oct. 226
Instruments—Trend and developments in equipment and techniques..... Nov. *167

Insulation:

Applying insulation while hot prevents expansion cracks (P. N.) May *171
Before you insulate. S. R. Steinbock (charts) ..... May *173
Better magnesia insulation by new process. S. A. Abrahams.....Sept. *140
Don't force plant operators to work on insulation (P.N.)..... Dec. *154
Glass cloth, silicon treated..... Dec. 202
Mineral wool blocks insulate hot air ducts (P. N.) ..... Jan. *125
Plastic foam insulation..... Nov. 308
Precision magnesia insulation flowsheet ..... Dec. *208
Intermediate, dye ..... Nov. 309
Ion exchange—Improvement in techniques ..... Nov. 167

Iron:

Austenitic nickel cast iron can serve as an alternate for caustic manufacturers. H. O. Temple (charts) Dec. *236
Beneficiation of taconite to get usable iron ore (N) ..... Aug. *194
Construction materials in the paper industry. W. A. Luce..... Jan. 220
Construction materials in the paper industry. May & Spitz..... Jan. 221
High-silicon irons resist chromic acid. W. A. Luce..... Feb. 147
High-silicon irons resist copper sulphate solutions. W. A. Luce...Apr. 206
High-silicon irons vs. alcohol. W. A. Luce ..... Nov. 294
High-silicon irons vs. ferric chloride. W. A. Luce ..... May 244
High-silicon irons vs. hydrocarbon solvents. W. A. Luce..... July 226
Hydrogen peroxide vs. high-silicon irons. W. A. Luce..... Oct. 267
Hydrogen peroxide vs. iron..... Oct. 264
Materials of construction vs. iron and steel. A. W. Spitz..... Nov. 297
Phenol versus high-silicon irons. W. A. Luce..... Aug. 224
Sulphur vs. construction materials. W. A. Luce ..... Sept. 288
Isocyanates produced by Monsanto (N) July *195
Israel—Sulphuric acid and superphosphate plants enlarged..... July 218

Italy:

Ethylene and propylene to be produced ..... Aug. 218
Furfural extraction from vegetable pentosan containing materials July 218
Methane used in ceramic baking oven ..... Sept. 273
Natural steam power plants rebuilt May 242
Nitrogen producing plants to use methane gas ..... July 218
Petroleum products to come from Condor's refinery..... Aug. 218
Synthetic resins plant built..... May 242

J

Japan:

Chemical fibers manufacturers seeking tieups with American firms July 218
Chemical fibers production to be boosted ..... Mar. 203
DDT output ..... Mar. 203
Joint-sealing compound ..... Aug. 163

K

Ketones—Supply and demand..... Feb. 138
Kettle fires fought with inert gas, A. J. Fritsche (P. N.)..... June *139
Kiln—how to scale up a rotary kiln. J. A. Lustbge ..... Dec. *151

L

Labor:

Education. F. D. Pagg Jr. (A)..Jan. 259
Four ways to head off your manpower crisis—now ..... Mar. 127
Human relations. G. L. Clements (A) Dec. 326
Manpower discussed at Second Industry-College Conference ....Apr. *227
Manpower — government advises — government acts (A) ..... Sept. 331
Process labor requirements. C. H. Chilton (chart) ..... Feb. 151
This war and the chemical process industries—labor ..... Feb. *137
Laterite as a likely alumina source (N) June 200
Law—Chemical process industry and the law ..... Feb. *116

NOTES—(A) Abstract; (c) Comment; (ed) Editorial; (E.N.) Equipment, News. * Illustrated; (N) News; (P.N.) Plant Notebook

Lead:

Alcohol vs. materials of construction. K. H. Roll.....Nov. 305
Chromic acid versus lead. K. H. Roll .....Feb. 242
Construction materials vs. hydrocarbon solvents. K. H. Roll.....July 222
Hydrogen peroxide vs. lead.....Oct. 324
Phenol versus lead. K. H. Roll..Aug. 228
Resistance to copper sulphate. K. H. Roll .....Apr. 214
Lead stearate—internal lubrication Aug. 164
Lead tetra-acetate, stabilized, can be stored at room temperature....June 186
Lignin. J. J. Kollen (A).....May 172
Lignite—Low temperature carbonization of coal process uses lignite, turns out crude tars and a char....Sept. *219

Liquids:

Chlorine liquefaction modernized. Eichenhofer & Fedoroff .....Dec. 141
How to control average flow of liquids carrying solids. R. C. Bieber (P. N.) .....Jan. *134
How to transfer volatile liquids under pressure. R. J. Sweeney.....Nov. *158
Nomograph helps determine particle free settling rate. S. M. Walas (P. N.) .....Sept. *177
Lithium aluminosilicates ceramics..Dec. 138
Logarithmic reciprocal calculations. Hogan & Batson (P. N.).....July *141
Los Angeles chemical industries boom Dec. *240

Lubrication:

High temperature lubricants....Feb. 184
High temperature, pressure lubricants .....Jan. 162
Lead stearate heat stabilizer....Jan. 164
Lubricant for hydraulic brake fluids .....Dec. 193
Lubricating greases with wide temperature range .....Jan. 163
Lubrication. T. R. Witt (A)....Mar. 262
Molykote lubricants .....May 199
New process produces heat resistant surface interlocked with steel. Aug. *162
Paper industry has special lubricating problems. L. W. Miller (A) Feb. 276
Three broad phases. D. F. Hollingsworth (A) .....Mar. 256
Trieste, Italy, refinery for lubricants .....June *214
Two stearates for lubrication....Aug. 164
Wax ester for lubricants, greases .....Sept. 206

M

Machines:

Halting machinery noise. H. C. Hardy (A) .....Mar. 257
Machine design corrected for operators (A) .....Mar. 246
Mechanical equipment is available, but D. A. Comes (A).....Mar. 251
Manganese—U. S. seeks ways to get more manganese out of poor ores (N) .....Jan. 190

Magnesium:

Better magnesia insulation by new process. S. A. Abrahams.....Sept. *149
Kaiser to make magnesium using Pidgeon process (N) .....Mar. 190
Precision magnesia insulation flowsheet .....Dec. *206
Reopening magnesium plants will swell stockpile (N) .....Feb. 300
Magnesium alloy test panels—corrosion resistant coating .....Aug. *169

Maintenance:

Maintenance cost data for commonly used equipment. J. D. Leonard (table) .....Sept. 149
The problem is people. L. A. Darling .....Oct. 315
Maleic hydrazide slows growth of grass .....Dec. 202

Management:

Evaluating executives. J. C. Flanagan .....Sept. *294
Opportunities for engineers to share in management's social responsibilities. B. M. Reynolds (A).....Jan. *248
What makes a leader?.....May *252
Why not a suggestion box for engineers and supervisors? A. D. Leonard .....Jan. 117
You must "sell" to succeed.....Apr. *218

Manganese:

Manganese recovery. H. S. Noesen (A) .....Mar. 259
Open hearth slag source of vital manganese (N) .....May 224
Marshall and Stevens indexes of comparative equipments costs Jan. 142, Feb. 158, Mar. 148, Apr. 143, May 147, June 145, July 145, Aug. 145, Sept. 181, Oct. 176, Nov. 186...Dec. 178

Materials Handling:

How Morton Salt refines salt, fights corrosion, handles solids. J. A. Lee .....Jan. *102
How to handle liquid caustic. R. A. Springer .....Aug. *112
Trend and developments in equipment and techniques.....Nov. *167

Materials of Construction:

Additions to Nov. 1950 issue....Feb. 248
Alcohol vs. materials of construction .....Nov. 288
Chromic acid versus construction materials .....Feb. *167
Citric acid vs. materials of construction .....Mar. *211
Clad steel equipment—some hints for modern maintenance. E. H. Wyche .....Jan. *129
Construction materials in the paper industry, pt. 4.....Jan. *217
Copper sulphate versus materials of construction .....Apr. *206
Corrosion resistance of copper and copper alloys (table) .....Jan. 108
Ferric chloride vs. materials of construction .....May 244
Furane cements used for caustic manufacture. Seymour & Steiner (charts) .....Dec. *243
Glass—its place in chemical processing—report. J. C. Smith...Apr. *117-120
How austenitic nickel cast iron can serve as an alternate for caustic manufacture. H. O. Temple (charts) .....Dec. *236
Hydrocarbon solvents vs. construction materials. pt. 1 June *220 pt. 2 July 222
Hydrogen peroxide vs. materials of construction .....Oct. 262
Phenol versus materials of construction .....Aug. 222
Sulphur vs. construction materials. J. R. West .....Sept. 276
Trend and developments in equipment and techniques .....Nov. *167
Mercaptans and disulphides flowsheet .....Mar. *176
Mercury—What about the De Nora cell? .....May *215
Metal cutting: a new unit operation Mar. *152
Metallic compound—lubricant and sealer .....May 200
Metallic ricinoleates .....Mar. 172

Metals:

Light metal developments.....Feb. 128
Strategic metals from wastes (A) .....June 254
Uncommon metals. Clyde Williams (A) .....Sept. 226

Meters:

How to build a Venturi for proportioning service. Walker & Foresti (P. N.) .....Nov. *182
Metering sulphur. West, Roe & Butterworth (A) .....Dec. 222
Sampling and metering waste streams .....May *121
Single calibration chart serves several flow meters. Melvin Nerd (P. N.) .....Mar. *126

Methanol:

Commodity survey .....June *215
Enthalpy-concentration chart for methanol-water solutions. Ansell, Samuels, Frisbe (P. N.) .....Apr. *123
Supply and demand.....Feb. 124
Methylbenzyl amines .....Nov. 296
Methyl chloride consumption is outstripping production (N) .....June 182
Methyl ethyl pyride production (N) Nov. 228
Methyl mercaptan hauled in tank truck (N) .....Nov. *256

Mexico:

Ammonium sulphate fertilizer works .....Feb. 220
Gulf Oil properties purchased..Mar. 206
Petroleum refinery in Reynosa...Mar. 206
Polystrene plant newly opened..Aug. 217
Revolution in synthetic hormones .....Apr. *198
Sulphur to be produced by the Frasch process .....May 238
Mildew control—Desiccant for preventing mold, mildew and rust.....Nov. 288
Mills—Grinding ball mills—slow'em down, save money. Hardinge & Ferguson (A) .....Mar. 249
Mining—Balling of ores and coal....Oct. *170

Mixing:

Adjustable angle mixer improves lab mixing of solids. Young & Snaddon (P. N.) .....Oct. *160
Fluid agitation laboratory at Rochester, N. Y. (N) .....Aug. *190
Granulator fertilizer mixing plant .....Feb. *150
How to build a Venturi for proportioning service. Walker & Foresti (P. N.) .....Nov. *182
How to dry rubber in a mixer under vacuum. A. P. Mamm (P. N.)..Dec. *184
New fixer mixer at Kodak Park plant of Eastman Kodak Co. (N)....May *216
Mixing see also Agitation
Mobilization and the chemical process industries .....Feb. *114
Molding—Magnolia Petroleum try new way of continuous molding wax (N) .....Aug. *184
Molykote lubricants .....May 199
Monazite—Brazilian deposits worked. Oct. 262
Monobromantin—Brominator .....Aug. 163
Monoglyceride from soybean oil flowsheet .....July *188
Motors and motor control. V. J. Kropf .....July *123-136
Multisphere with 14 lobe stores liquid methyl chloride (N).....Dec. *230

N

Napalm:

How the new napalm process works (chart) .....Nov. *162
Now produced by Farro Chemical Corp. (N) .....Oct. *230
Naphthalene: today and tomorrow. C. T. Barker .....Nov. *275

National Production Authority:

How the new NPA list rates chemicals (list) .....July 190

Natural Gas:

Alberta, Canada, to U. S. pipeline .....Oct. 230
Converter gets sulphur from sour gas (N) .....Apr. *122
How Texas Co. increased the safety at new gas cycling plant. J. A. Lee .....Aug. *167
On the upgrade. O. L. Chapman (A) .....Nov. 340
Pipeline authorized to bring gas to Salt Lake (N) .....June 190
Reserves of natural gas. G. W. Gleeson (A) .....Nov. 340
Rochester Gas & Electric is reforming natural gas by the Kopper-Hasche process (N) .....Oct. *230
Synthetic fuels from natural gas. Keith & Arnold .....Oct. 340

Naval Stores:

Closer fractionation finer chemicals. J. A. Lee.....Mar. *148
A new look for gums naval stores. Collins & Patton.....Sept. *152
N-Bromoacetamide .....May 202
Negus cell employed in generating sodium hypochlorite solution from sea water (N) .....Nov. *240

Netherlands:

Oxygen plant will also make solvents .....Aug. 224
Rayon plant to be constructed..Apr. 202
Red lead plant in production...Apr. 202
Wool-like synthetic fiber developed .....Apr. 202
New York restaurants.....Nov. *142

Nickel:

Construction materials in the paper industry. H. O. Teeple.....Jan. 222
Ferric chloride will corrode nickel. W. Z. Friend .....May 244
Hydrogen peroxide vs. nickel and nickel alloys. W. Z. Friend....Oct. 267
Materials of construction vs. nickel and nickel alloys. W. Z. Friend .....Nov. 297
Nickel-plating process .....Aug. 163
Phenol versus nickel and nickel alloys. W. Z. Friend.....Aug. 222
Resistance to copper sulphate. W. Z. Friend .....Apr. 208
Nitration (Unit Processes Report)..Mar. *130

Nitric Acid:

European progress in nitric acidulation of rock phosphate. M. H. R. J. Plaaje .....May 169
Nitric acidulation of rock phosphate. T. P. Hignett.....May *166

Nitrogen:

Grinding with liquid nitrogen..June *186
Nomograph gives equilibrium constants for nitrogen. Scott & Davis (P. N.) .....Apr. *124
Supply and demand .....Feb. 126
Nodulising ores .....Oct. *178
Noise, intermittent (A).....Sept. 234

NOTES—(A) Abstract; (c) Comment; (ed) Editorial; (E.N.) Equipment, News. * Illustrated; (N) News; (P.N.) Plant Notebook

Nomographs:

Boiling point rises. Myers & Jarsombek ..... Oct. *156
Determining particle free settling rate. S. E. Wallas (P. N.) .... Sept. *177
Diffusion coefficients of gaseous systems estimated by nomograph. C. D. Spangenberg Jr. ..... Sept. *170
Equilibrium constants for nitrogen. Scott & Davis (P. N.) ..... Apr. *134
Latent heats of vaporization nomograph. Arnold & Raiford ..... Apr. *136
Logarithmic modulus chart speeds construction of nomographs. D. S. Davis (P. N.) ..... Mar. 135
Nomograph and table for use with "bumped" data. D. S. Davis .. June *140
Pipelines diagrammed. Heinz & Bramer ..... June *113
Pressure drop in liquid chlorine lines. D. S. Davis (P. N.) ..... Sept. *178
Solubility of sulphur dioxide in water. D. S. Davis (P. N.) ..... Jan. 136

Norway:

Aluminum to be produced at Sunndalsora ..... July 319
Foam fire-extinguishers fluid from fish waste; magnesium production; new urea plant ..... Feb. 231
Formaldehyde and synthetic resins produced ..... Mar. 307
Liquid ammonia being produced. Mar. 307
New nitrogen installations ..... July 318

Nylon:

Canadian Industries Ltd. building basic nylon chemicals plant ..... Oct. 336
Chemstrand to make both nylon and its new acrylic (N) ..... July 304

O

Odor Control:

Adsorption can control odors. Turk & Bownes ..... May *146
Chlorine dioxide for odor control. May 135
Odor elimination process in fertilizer plant. Jones & Hightower ..... June *116
Office of Technical Services safe-guards technical information (N) .... Mar. 191

Oils and Fats:

De Nora hydrogenation process yields fatty alcohols. R. F. Warren .. June *117
Furnace oil additive ..... Apr. 163
Grinding lards, waxes, oily spices etc with liquid nitrogen ..... June *108
Improved tall oil ..... June 170
Lubricating oils extraction processes. E. J. Dawson (A) ..... Sept. 340
New extraction process pays off at Sherman, Tex. ..... July *204
Oil mill in California (N) ..... Aug. 189
Solvent extraction of oilseed—report E. P. Conell Jr. ..... Jan. *127-140
Solvent removal of soybean oil. Arnold & Ingebo (A) ..... Apr. 247
Store your oil in an unused mine? ..... May *228
U. S. Bureau of Mines have hopes for cheap shale oil (N) ..... Aug. *202
Ortho-nitrobiphenyl ..... Apr. 162
Oxidation (Unit Processes Report) .... Mar. *126
Oxo reaction (Unit Processes Report). Mar. *126

Oxygen:

Gas from coal, oxygen and steam-pilot plant at Battelle Memorial Institute (N) ..... Dec. *246
Liquid oxygen plants authorized (N) ..... July 194
New tonnage oxygen units. J. S. Bardin ..... Oct. 246
What price tonnage oxygen? (charts) ..... July 188
Ozone kills phenols in waste ..... Sept. *224
Ozone, liquid. C. E. Thorp (A) ..... May 276

P

Packings—how to pack reciprocating rods against high pressures. Walter Cloopey ..... Nov. *164
Painting and decorating pays dividends A. D. Buschmann (A) ..... Feb. 279

Paints:

Anti-rust paint ..... Aug. 166
Coating test panel cuts paint evaluation time. Kenneth Tator ..... Oct. *140
Heat resistant silicone-base paint. Feb. 185
Lead pigment for coating ..... Oct. 197
Silicone enamel ..... Jan. 142
Stabilizers for latex paints ..... Oct. 198
Temperature-sensitive paints act as thermometers ..... Mar. *184

Pakistan:

Duty on chemicals raised ..... July 318
Fertilizer plant to be constructed in Mari Indus district ..... Apr. 304
Industrial alcohol plant ..... July 318
Pallets strengthened by steel strapping (P.N.) ..... Jan. 135
Wooden jig speeds up pallet construction. P. N. Beece (P. N.) .. Oct. *189
Paper—Neoprene latex for coating paper ..... Oct. *196
Paraformaldehyde—Celanese will step up its capacity (N) ..... Oct. 298
Pelletizing of carbon black ..... Oct. *188
Pellets—catalysts for pellets ..... Dec. 183
Penicillin flowsheet ..... Apr. *174

Pensions:

Indu. ywide pension plans. A. A. Berle Jr (A) ..... May 272
Is this the small company's answer to the pension problem? P. F. Brodderick ..... Feb. 239
Obsolescence of the professional man (ed) ..... Sept. 173
Peppermint oil flowsheet ..... Feb. *192
Perlite—Expanded perlite fines ..... June 172
Pest control—agriculture to buy large amounts of chemicals for pest control (ed) ..... May 119

Petroleum:

British refinery speed-up ..... Aug. *215
Catalytic cracking. Duffy & Hart (A) ..... July 247
Colombia to build new refinery .... Oct. 255
Electrodes suggested to process Alberta's tar sand deposits ..... Nov. 282
First Orthoflow fluid catalytic cracker (N) ..... Oct. *225
Found in British Columbia (N) .... Dec. 244
France to manufacture organic chemicals from petroleum ..... June 216
General Petroleum's new crude oil pipeline (N) ..... Aug. 300
General Petroleum worker gets award for new way of taking catalyst samples (N) ..... Oct. *243
Houdry's new catalytic process converts low-octane naphthas to aromatics or high-octane gasolines (N) ..... June 196
Hypersorption process. C. Berg (A) ..... Aug. 282
Immediate view. O. L. Chapman (A) ..... Nov. 289
Liquified petroleum gas-markets expanding. Alden, Gilmore & Tucker (A) ..... Sept. 344
Long range view. G. W. Gleeson (A) ..... Nov. 349
Mexico producing oil in good quantity ..... Oct. 253
Microspheroidal cracking catalyst flowsheet ..... Nov. *218
Netherlands—Shell completes first modern catalytic cracking unit. Oct. 254
Oil-bearing shale in Brazil ..... Nov. 299
Petrodets. Snell & Reich (A) ..... Sept. 345
Petroleum naphthas yield atomatic concentrates (N) ..... Nov. *242
Petroleum origins. Benjamin Brooks & others ..... Oct. 318
Platforming sets benzene pace .... Oct. *232
Porcelain enamel substituted for metals in stripping column trays (N) ..... Dec. *247
Radiant heater cuts costs (N) ..... June 200
Southwest's chemical bonanza (N) ..... Nov. *232
Standard of California's giant stripper (N) ..... Oct. *242
Sun Oil Co. to expand refinery program (N) ..... Nov. 249
Two new petroleum techniques (N) ..... July *196
Phthalic anhydride demand caused shortage of naphthalene. C. T. Barker ..... Nov. *275

Phenol:

Ionol-antioxidant ..... Oct. 196
Materials of construction vs phenol ..... Aug. 232
Ozone kills phenols in waste ..... Sept. *224
Phenol from cumene ..... Oct. *215

Philippines:

Chlorine produced in larger quantities ..... Sept. 272
Paper pulp plant to be built in Davao ..... Sept. 272

Phosphates:

European progress in nitric acidulation of rock phosphate. M. H. R. J. Pluaje ..... May 169
Nitric acidulation of rock phosphate. T. P. Hignett ..... May *166
Novel tower, injection feed improve phosphate process (N) ..... May 222
Phosphate reserves bought by International Minerals (N) ..... Dec. 232
Supply and demand ..... Feb. 134
TVA calcium metaphosphate plant design improved. Yates, Roy & Meline ..... June *128
Phosphites—alkyl phosphites ..... June 172
Phosphoric acid—Phosphoric concentrator uses submerged combustion (N) ..... Apr. *193

Phosphorus:

Commodity survey ..... Dec. 354
Furnace will tap rock deposits of Montana (N) ..... Jan. 197
How Virginia-Carolina makes phosphorus by one unit process, four unit operations. J. R. Callaham ..... Apr. *102
Monsanto's Idaho phosphorus plant (N) ..... Aug. 304
Plants going up ..... Feb. 119
Shipped from Montana (N) ..... Dec. 244
This phosphorus furnace rotates. M. M. Striplin Jr & others ..... July *198
Phytic acid from crude phytin (N) .. Aug. *182
Pilot plants short cuts. J. S. Rearick (A) ..... Dec. 314

Pipes:

Foolproof piping layout for jacket steam and brine connections. J. C. Kaskie (P. N.) ..... Aug. *140
Glass—its place in chemical processing—report. J. C. Smith Apr. *117-139
How to clean pressure taps during operation. Istre & Wilson (P.N.) ..... Apr. *133
How to make an ejector from standard pipe and fittings. Milner & Grimsley (P.N.) ..... Feb. *153
How to prevent use of too many fittings. Maxey Brooke (P. N.) .. Dec. 185
Nomographs for pipeline problems. Heinz & Bramer ..... June *112
Nomograph for pressure drop in liquid chlorine lines. D. S. Davis (P.N.) ..... Sept. *178
Orifice assembly made from pipe union. Marshall Sittig (P.N.) .. Sept. *177
Overcoming some common difficulties with pipe and valve systems. B. Hornung (P.N.) ..... Mar. *124
Pipe spacing chart saves pipe layout time. J. N. Robinson (P. N.) .. Sept. 178
Planned piping on five different levels ..... Sept. *236
Plastic pipes manufactured in Belgium ..... Nov. 280
Quick conversions for flow quantities and velocities. Frank Lerman (P.N.) ..... June *188
Texas chemical network pipelines pay off (table) (N) ..... Dec. *222
Pitot tube manometer readability improvements. W. G. Thomson (P.N.) ..... Feb. *154

Plant construction see Construction

Plant Notebook:

Adjustable angle mixer improves lab mixing of solids. Young & Snaddon ..... Oct. *160
Applying automatic control to pumping speed. J. M. Crockin ..... May *171
Assuring safety of receptacles ..... June 140
Auto differential serves as slow-speed mixer drive. R. L. Miller ..... Aug. *139
Chart for rapid logarithmic reciprocal calculations. Hogan & Batson. July *141
Chart gives total pressures over aqueous ammonia solutions. D. S. Davis ..... Nov. *184
Combination device handles three steps in one simple unit. A. W. Billitteri ..... Mar. *124
Conserving electric heating elements ..... July 142
Don't force plant operators to walk on insulation ..... Dec. *252
Don't overlook dryer roll ends .... Mar. 126
Easily constructed water bath holds subatmospheric temperatures. Faye & Mintz ..... Nov. *183
Enthalpy-concentration chart for methanol-water solutions. Ansell, Samuels & Frisbe ..... Apr. *133
Equipment hook-up serves for both extraction and automatic feed. P. P. Jones ..... Aug. *139
Evaluating film coefficients for single condensing vapors. A. Devore. June *138
Flexible ruler aids estimation of liquid mixture viscosities. Niels Madsen ..... Feb. *152
Foolproof piping layout for jacket steam and brine connections. J. C. Kaskie ..... Aug. *140
How to build a Venturi for proportioning service. Walker & Purcell ..... Nov. *182
How to calibrate non-standard tanks with standard tank tables. G. W. Prehler ..... July 140
How to clean pressure taps during operation. Istre & Wilson ..... Apr. *133
How to control average flow of liquids carrying solids. R. C. Bieber. Jan. *124

NOTES—(A) Abstract; (c) Comment; (ed) Editorial; (E.N.) Equipment, News. * Illustrated; (N) News; (P.N.) Plant Notebook

How to dry rubber in a double arm mixer. A. P. Maas ..... Dec. *154
How to improve readability of pitot tube manometers. W. G. Thomson ..... Feb. *154
How to increase pallet life ..... Jan. 125
How to make an ejector from standard pipe and fittings. Milner & Grimsley ..... Feb. *153
How to measure and control percent of solids in slurries. H. H. Sheath ..... Oct. *158
How to measure temperature of flowing liquids or gases. H. A. Hess ..... Aug. *140
How to prevent use of too many fittings. Maxey Brooke ..... Dec. 155
How to spark-proof a cord switch for lab use. C. H. Grube ..... Feb. *153
How to use a differential gear for speed reduction. Olav Flatheim. Apr. *122
Hydraulic discharger for containers is safe, simple and portable. W. L. Patton ..... July *140
Hydrometer cylinders made safe for handling corrosives. O. A. Holstein ..... Nov. *153
Improved tester determines properties of dust filter media. Michels & Wolbach ..... Jan. *126
Improving specific gravity control with a fluid-response system. J. F. Schnacky ..... Apr. *131
Indirect pump averts corrosion and packing gland leaks. H. F. Reichard ..... Oct. *158
Insulating equipment while hot prevents expansion cracks ..... May *171
Internal insulation cuts cost of hot air duct maintenance ..... Jan. *125
Logarithmic modulus chart speeds construction of nomograph. D. S. Davis ..... Mar. *126
Manostat gives close control of pressure in vacuum pan. A. W. Werry ..... Aug. *138
New use for a unit heater ..... Jan. *126
Nomograph for pressure drop in liquid chlorine lines. D. S. Davis ..... Sept. *178
Nomograph gives equilibrium constants for nitrogen. Scott & Davis ..... Apr. *134
Nomograph gives solubility of sulphur dioxide in water. D. S. Davis ..... Jan. 126
Nomograph helps determine particle free settling rate. S. M. Walas. Sept. *177
One way to keep motors cool ..... Feb. 154
Orifice assembly made from pipe unions. Marshall Sittig ..... Sept. *177
Overcoming some common difficulties with pipe and valve systems. B. Hornung ..... Mar. *124
Pipe spacing chart saves pipe layout time. J. N. Robinson ..... Sept. 178
Plan now for conservation of industrial rubber goods. Murkin & Van Buren ..... May *172
Plant operating chart for cooling tower systems. R. L. Ahlness ..... Sept. *176
Producing uniform gas bubbles at low pressure drop. Li Wen Han. May *171
Punch saves time in assembly at remote points. R. L. Miller ..... June 139
Quick conversion for flow quantities and velocities. Frank Lerman. June *131
Removable orifice improves operation of head type flowmeter. I. Bergman ..... Nov. *154
Simple process removes discoloration from welded stainless steel ..... Feb. *153
Simple way to fight kettle fires with inert gas. A. J. Pritchett ..... June *139
Simple way to graph gas flow rates C. J. Carmichael Jr. ..... Feb. *154
Simplified graph for air-duct pressure loss. B. Hornung ..... July *141
Single calibration chart serves several flow meters. Melvin Nord ..... Mar. *126
Ternary diagram simplifies figuring raw materials costs. F. C. Byrnes ..... Mar. *125
Test finds faulty operation of deaerating feedwater heater. M. L. Oliver ..... Sept. 176
Use an orifice-valve for checking flow rates periodically. J. B. O'Hara. May *179
Viscosity of water between 5 deg. and 70 deg. D. S. Davis ..... July *142
We repaired an oxygen plant valve without disassembly. R. J. Akot ..... Dec. *156
Wooden jig speeds up pallet construction. F. N. Bosco ..... Oct. *159
Writing the technical report. J. B. Gregory ..... Dec. 152
Plants—What price process plants? (charts) ..... May *144

Plasticizers:

For vinyl compounds ..... Oct. 192
Ortho-nitrobiphenyl ..... Apr. 163
Rubber plasticizers ..... Mar. 165

Plastics:

Anti-static agent ..... Apr. 164
Blowing agent used with rubber plastic ..... Dec. 197
Ethyl cellulose survey ..... Mar. *279
Flame-resistant thermosetting plastic ..... July 185
How plastics are growing to meet war needs ..... Aug. 274
Hydrogen peroxide vs. plastics ..... Oct. 206
Plastic cure-alic—no sir! C. W. Bicont (A) ..... May 287
Plastic masses can be extruded ..... Oct. *168
Plastic tie plates ..... Nov. 207
Protective coating ..... Apr. *163
Reinforced plastics as structural materials ..... May *194
Rubber plastic makes durable tubes for carrying yarn during spinning ..... Nov. 212
Supply and demand ..... Feb. 135
Vinyl plastic coverall for heavy machinery ..... Oct. 209
Plating—Nickel-plating process ..... Aug. 163
Pollution control—an industry must. Melvin Nord ..... May 112-118
Pollution control report ..... May *111-159
Polymerization (Unit Processes Report) ..... Mar. *140
Polystyrene foam ..... Jan. 172
Polyvinyl chloride—Plant in Austria. June 214
Polyvinylpyrrolidone—renders iodine non-toxic ..... Apr. 172
Potash—Supply and demand ..... Feb. 136
Two new plants in the Carlsbad, N.M. area (N) ..... Nov. *126

Power:

New and better processing tools point to improved efficiencies ..... Nov. *147
Power for the small chemical plant. R. L. Miller ..... June *122
Process power requirements in the manufacture of 100 chemical products ..... Mar. 115
Process steam and power cost for a proposed new plant (table) ..... Apr. 110
Water power potential. G. W. Gleeson (A) ..... Nov. 343
Why multiply your utility bills by a waste factor? D. Leonard ..... Apr. 112

Precipitators see Dust and Fume Handling

Pressure vessel—Dow's 14 lob multisphere stores liquid methyl chloride (N) ..... Dec. *230

Prices:

Prices in 1950-51 (table) ..... Feb. 141
Process engineering calculations. Loyal Clarke ..... Dec. 144
Process power requirements (table). Mar. 115
Process steam and process water for a proposed new plant (table) ..... Apr. 110
Processing tools—New and better processing tools point to improved efficiencies and lower costs ..... Nov. *147
Productivity—These processes were developed last year ..... Feb. 138
Propane gas as a substitute for gasoline tested in British Columbia ..... Nov. 332

Public Relations:

The news hopper must be fed ..... Jan. *229
A newspaperman's view. Dwight Moody (A) ..... Mar. 253
Pollution—community relations. R. J. Buckley (A) ..... Dec. 229

Puerto Rico—Oil, jute bags, iron and industrial alcohol to be produced. Apr. 204

Pulp and Paper:

Bergstrom tower removes sulphides and mercaptans (N) ..... May 230
Construction materials in the paper industry pt 4 ..... Jan. *217
Developments in 1950 ..... Feb. 136
Don't overlook dryer roll ends (P.N.) ..... Mar. 136
Georgia site picked for paperboard plant (N) ..... July 195
Glycol extracts lignin in new pulping process (N) ..... June *202
Hercules Powder Co. offers emulsifying process for rosin size (N) ..... Oct. *238
National Production Authority shapes plan for pulp and paper makers (N) ..... June 195
New evaporator to be tried on spent sulphite liquor (N) ..... Nov. 230
New pulp mill will evaporate much of its waste liquors (N) ..... Oct. 230
Serlcea—plant which is a new source of paper. E. E. Barker (A) ..... Jan. 258
Waste sulphite liquor concentrated and burned (N) ..... Aug. *181

Pumps:

Applying automatic control to pumping speed. J. M. Crockin (P.N.). May *171
Indirect pumps averts corrosion and packing gland leaks. H. F. Reichard (P.N.) ..... Oct. *158
Volumetric efficiency of vacuum pumps ..... Feb. 219
What net positive suction head means in choice of a centrifugal pump. E. J. Hansen ..... Dec. *174
Punch saves time in assembly at remote points. R. L. Miller (P.N.) ..... June 139
Pyridine—The future of pyridine? Survey. C. H. Carpenter Jr. ..... Oct. *244
Pyridines are in big expansion (N) ..... Nov. *228
Pyrites—Ore from pyrites. A. & M. Secor-tesel (A) ..... Nov. 339
Pyrrolidine ..... Aug. 166

R

Radioactivity—Argonne National Laboratories gives data on radioactive waste disposal. Rodger & Fineman ..... Dec. *145
Radiation detection. S. A. Goldblith & others ..... Oct. 211
Rainmaking (A) ..... Aug. 289
Rating systems that find the successful. A. V. Reeves ..... Sept. *147
Raw materials—Ternary diagram simplifies figuring raw materials costs. F. C. Byrnes (P.N.) ..... Mar. *125

Rayon:

Synthetic fibers report ..... Aug. *125-132
Rayon viscose treatment ..... Dec 198
What's happening to rayon (chart) ..... Dec. 150

Rectifiers—Revolution in rectification (N) ..... Aug. *264
Refractories—Aluminum phosphates. Jan. 179

Refrigeration:

Noe-Ice preserves food and flowers without refrigeration ..... Sept. 201
Plastic foam insulation ..... Nov. 205
Salt solutions for cooling. David Wittenberg ..... June *141
Reports—Writing the technical report. J. B. Gregory (P. N.) ..... Dec. 152
Your one page reports can really say something ..... Oct. *175

Research:

Conditions favorable—or otherwise for technological achievement (Ed) ..... Dec. 135
Du Pont's new experimental station (N) ..... Apr. *106
Du Pont opens its new consolidated Experimental Station ..... June *105
How directors look at research. T. D. Cabot (A) ..... Feb. 208
How to make research pay. T. H. Vaughn ..... Sept. *148
Laws of chance assist researchers (A) ..... June 283
Research management. E. P. Stevenson (A) ..... Nov. 361
Research, too, has bottlenecks (ed) ..... Apr. 161
Short cuts in pilot plants. J. S. Rearcik (A) ..... Dec. 216
Symposium on research: risks and return ..... Aug. 289
Twelve commandments of marketing research. V. D. Reed (A) ..... May 284
University of Illinois to dedicate new laboratory (N) ..... Mar. *104

Resin:

Alkyd resins have a bright future. Lauren & Color (A) ..... Dec. 221
Alkyd rust resisting, fast drying ..... Dec. 192
Catalysts for resins ..... Dec. 195
Chlorine pickup by fabrics treated with resins probed (N) ..... Jan. 126
Coatings for steel shipping containers ..... Oct. 200
Copolymer resins—four new series ..... Aug. 182
Cyanoacetamide — intermediate for resins ..... July 185
Foam-core material—liquid phenolic resin ..... Oct. *168
Furfuryl-alcohol resins in cements ..... Dec. *196
Liquid adhesives ..... Aug. 164
Phenolic resin as a core binder. Sept. 198
Phenolic resin for plywood gluing ..... Mar. 170
Plasticising resin ..... July 165
Polyamide resins for paper coating ..... Dec. 197
Polyvinyl resin processed without plasticizer ..... Mar. *166
Resin cement ..... Mar. 174; Sept. 199
Resin suspensoids—adhesives ..... Nov. 210
Silicone-alkyd coating resins ..... Apr. *162
Silicone resin for water-repellent masonry finishes ..... Nov. 208
Synthetic resin produced in Brazil ..... Nov. 278
Teflon dispersions for coatings ..... Oct. 192
Vinyl extender ..... Jan. 164
Correction Mar. 174
Wet-strength resin for all pulps. June 170

Resorcin-phenol—boil-proof glue ..... Oct. 198

Restaurants—where to eat in New York ..... Nov. *141

NOTES—(A) Abstract; (c) Comment; (ed) Editorial; (E.N.) Equipment, News. * Illustrated; (N) News; (P.N.) Plant Notebook

Rhenium, A. D. Melaven (A).....June 319
Rosin—Hercules Powder Co. offers emulsifying process for rosin size (N).Oct. *231

Rubber:

Alcohol vs materials of construction. G. S. True.....Nov. 296
Aluminum silicate filler for rubber .....May 199
Antioxidant for rubber goods....Sept. 198
Better rubber; challenge and achievement—Phillips Petroleum Co. receives Chemical Engineering Award .....Nov. *145
Better rubber—Chemical Achievement Award presented to Phillips Co. .....Dec. *169
Blowing agent for sponge rubber..July 163
Catalysts for synthetic rubber....Dec. 166
Chemical Engineering Achievement award to Phillips Petroleum—the story behind the story, S. D. Kirkpatrick .....Nov. *144
Chromic acid versus rubber lining. J. P. McNames.....Feb. 243
Cold rubber production at Port Neches, Tex. (N).....Nov. 290
Construction materials in the paper industry. J. P. McNames.....Jan. 222
Copper sulphate solutions in contact with rubber. J. P. McNames...Apr. 213
Esso sells Buna-N plant to U.S. Rubber (N) .....Feb. *219
Germany now producing buna rubber .....June 218
How to dry rubber in a double arm mixer. A. F. Mazza (P. N.).....Dec. *184
How to slash devulcanizing time (N) .....July *192
Hydrocarbon solvents vs rubber lining. J. P. McNames.....July 230
Hydrogen peroxide vs rubber....Oct. 289
Infrared cures rubber faster (N).Sept. *242
Institute rubber plant begins production (N) .....Feb. 211
Ionol antioxidant for rubber.....Oct. 194
Keeping America rolling on rubber. S. D. Kirkpatrick .....Nov. *143
Neoprene latex for coating paper..Oct. *198
New synthetic rubber.....May 199
Phenol versus rubber lining. J. P. McNames .....Aug. 228
Plan now for conservation of industrial rubber goods. Murkin & Van Buren (P.P.) .....May *172
Plasticizers—Rubber-type .....Feb. 188
Recording rubber—magnetic recording bands .....Nov. 212
Rubber for molded seals.....June 184
Rubber lattice .....Oct. 302
Rubber plastic makes flexible tubing for carrying yarns during spinning .....Nov. 212
Supply and demand.....Feb. 136
Synthetic rubber latex.....Aug. 184
Synthetic rubber plants being built .....Feb. *120
Synthetic rubber production (table) .....Nov. 183
U.S. Rubber to double output at Baton Rouge (N).....Aug. 289
Vinyltoluene a styrene substitute.Sept. 204
Russia—Labor in the USSR (A).....Sept. 334
Rust preventive .....Dec. 198

S

Safety:

Assuring safety of receptacles (P.N.) .....June 140
Combustible gas hazards overcome. O. C. Haler (A).....July 243
Getting the most out of your safety engineer. A. L. Cobb.....July *139
How Texas Co. increased the safety at new gas cycling plant. J. A. Lee .....Aug. *167
Plant defense for process industries. J. F. Ellch pt 1 disaster control .....Oct. *149
pt 2 espionage sabotage control .....Nov. *153
Shipping dangerous chemicals...Feb. 223
Sales value ratio to plant investment. Gordon Kiddoo (table).....Oct. 145
Salicylamide—killing pain, reducing fever .....Nov. 219

Salt:

How Morton Salt refines salt, fights corrosion, handles solids. J. A. Lee .....Jan. *102
comment L. J. Deranja.....Mar. 200
Portable brine maker hauls rock salt to Texas plants (N).....May *227
Salt electrolysis figures. N. Kalyanam .....Dec. 248
Scotland—Sulphuric acid plant under construction .....Mar. 207
Scrubbing towers. A. B. Pettit.....Aug. *240
Sea water is a source of chlorinated water when Negus cell is employed (N) .....Nov. *252

Sealing:

Joint sealing compound holds chemicals .....Aug. 182
Rubber for molded seals.....June 184
Sealing rotating shafts against high pressures. Walter Cooper.....July *118
Security vs venture.....Mar. *234

Separation:

First remove solids from your wastes. Hasselfovre & Anable.....May *122
Mechanical separation progress...Nov. 147
More data on solids recovery from slurries by cyclone. J. J. Meder Jr .....Nov. *221
Serlcea—plant which is a new source of paper. M. E. Barker (A).....Jan. 88

Shipping:

ICC regulations changes .....Jan. 214; Feb. 236
Silica aerogels—Canadian research develops a water-repellent aerogel (N) .....Oct. 231
Plant in San Bernardino, Calif..Sept. *240
Silica alumina—Microspheroidal cracking catalyst flowsheet .....Nov. *218
Silica hydrogel is the key in Cyanamid's new cracking catalyst plant (N) .....Dec. *224
Silicates—plant in Philadelphia (N).Dec. 282

Silicones:

Alcohol vs materials of construction. McHard & Van Volkinburg...Nov. 295
Chromic acid versus silicones. McHard & Van Volkinburg.....Feb. 247
Perric chloride vs. silicones. McHard & McIntyre .....May 251
Hydrocarbon solvents vs silicones. McHard & Von Volkinburg....June 224
Hydrogen peroxide vs. silicones. McHard & Van Volkinburg.....Oct. 270
Phenol versus silicones. McHard & Van Volkinburg .....Aug. 228
Resistance to copper sulphate. McHard & McIntyre.....Apr. 212
Silicone-alkyd coating resins....Apr. *183
Silicone enamel .....Jan. 167
Silicon resin for water-repellent masonry finishes .....Nov. 203
Sulphur vs. construction materials. McHard & McIntyre.....Sept. 298
Sintering is widely used for ores...Oct. *172
Size reduction and enlargement.....Nov. 143
Slurries—how to measure and control percent of solids in slurries. H. H. Sheath (P.N.) .....Oct. *189
Smoke stack painted with the help of helicopter .....Feb. 214

Soap:

Dry cleaning soap.....Mar. 174
Lever Bros. new western plant (N) .....Aug. *206
Solvent extraction of coena butter .....July *254

Soda Ash:

New carbonation technique, more natural soda ash. J. V. Hightower.May *142
Supply and demand.....Feb. 133
The Trona process . . . and its unique features. J. V. Hightower....Aug. *184
Sodium, impure .....May 199
Sodium hypochlorite solution generated from sea water through Negus cell (N) .....Nov *252
Sodium sulphate—New type evaporator designed to solve sodium sulphate problems. A. A. Holland.....Jan. *196
Solar energy feasible. G. W. Gleeson (A) .....Nov. 244

Solvents:

Activated carbon solvent recovery plant (N) .....Aug. *190
Construction materials vs hydrocarbon solvents pt 1.....June *220
pt 2 July 222
Degreasing solvent .....Mar. 165
Low cost solvent.....Jan. 179
Non-toxic safety solvent.....Jan. 162
Solvent extraction of coena butter .....July *254
Supply and demand.....Feb. 135
Trichlorobenzene .....June 165
Sonic agglomeration. Gordon Kiddoo..May *194

South Africa:

Conveyor machinery to be manufactured .....Mar. 206
Dextran blood plasma.....Mar. 204
Lithium ore to go to Philadelphia. .....Mar. 206
Natal pulp and paper mill planned; anaerobic digestion process developed; uranium to be produced..Feb. 227
New oil from coal plant will use the Synthol process .....May 239
Oil from coal plant.....Mar. 204
Oil refinery to be constructed in Durban .....May 239

Soybeans:

Glidden Co. expects to produce corticosone from soybeans (N).....Oct. 230
Glidden's new extraction plant (N) .....Feb. *212
Protein from soybeans (N).....Aug. 196

Spain:

Polyvinyl chloride and caustic potash will be made .....May 231
Streptomycin to be produced....May 231
Specific gravity—Improving specific gravity control with fluid-response system. J. F. Schnacky (P.N.)..Apr. *132
Spectrometer—gas mixtures controlled by mass spectrometer. C. F. Robinson .....Dec. *136
Spectrophotometer will perform three operations (N) .....Dec. 226
Speeches—Don't pass up that chance to talk. H. W. Steinwerth.....July *232
Speed reduction—How to use a differential gear for speed reduction. Otto Fiatheim (P.N.) .....Apr. *132

Stabilizers:

Economical stabilizers for vinyl plastics .....Jan. 166
Increasing the speed with which cement can seal leaks.....Nov. 212
Lead stearate heat stabilizer....Jan. 164
Stannates—produced by precipitation .....Sept. 201

Steam:

Estimating requirements for process steam and process water in a proposed new plant table).....Apr. 110
Gas from coal, oxygen and steam—pilot plant at Battelle Memorial Institute (N) .....Dec. *246
Why multiply your utility bills by a waste factor? J. D. Leonard..Apr. 113
Stearic acids to be produced in Gouda, the Netherlands .....Oct. 286

Steel:

Armco develops an alternate for allocated steel .....Nov. 145
Can oxygen speed up output of Bessemer steel? (N) .....Sept. 247
Chromic acid versus stainless steels. G. L. Snair Jr.....Feb. 243
Clad steel equipment—some hints for modern maintenance. E. H. Wyche .....Jan. *123, 202
Coating for stainless steel.....Dec. 282
Construction materials in the paper industry. May & Spitz.....Jan. 222
Harder stainless steel (A).....Jan. 154
Help your steel to hold its protective coating. A. J. Liebman (A) .....Sept. 296
How to protect your steel. J. B. Scott .....Apr. *131
Idle scrap, scarce steel (ed).....Sept. 172
Materials of construction vs iron and steel. A. W. Spitz.....Nov. 297
More about protecting your steel. J. B. Scott .....Sept. *167
Phenol versus iron and steel. A. W. Snair Jr .....Aug. 224
Phenol versus stainless steel. G. L. Snair Jr .....Aug. 224
Simple process removes discoloration from welded stainless steel (P.N.) .....Feb. *153
Stainless steel not injured by copper sulphate. G. L. Snair Jr.....Apr. 208
Stainless steel susceptible to corrosion by ferric chloride. G. L. Snair Jr .....May 244
Stainless steel vs. alcohol. W. G. Renshaw .....Nov. 293
Stainless steel vs. hydrocarbon solvents. G. L. Snair Jr.....July 224
Stainless steel vs. hydrogen peroxide .....Oct. 262
Stimulants—lift or letdown?.....Feb. 251
Stoneware—Chemical stoneware versus chromic acid. F. E. Herstein..Feb. 244
Storage battery makers threatened by acid and lead shortages (N)..July 204
Stripping column trays—porcelain enamel substituted for metals (N).....Dec. *247
Styrene—Producers to boost output (N) .....Sept. 239
Styrene substitute—vinyltoluene....Sept. 204

Sugar:

Beet sugar diffusion battery (N) Nov. *228
Elguanite Corp. develops new process for sugar clarification (N)....Oct. *234
Lathrop sees profits in byproducts of sugar mills (N).....Apr. 182
New clarification process (A).....Apr. 244
Sulfones—three new sulfones .....June 165
Sulphenation (Unit Processes Report) Mar. *132

Sulphur:

Alkacid process removes hydrogen sulphide from sour gas (N).....Nov. *246
Asarco process. T. C. Pitt (c).....May 234

NOTES—(A) Abstract; (c) Comment; (ed) Editorial; (E.N.) Equipment, News. * Illustrated; (N) News; (P.N.) Plant Notebook

Commodity survey ..... Apr. *285
Converter gets sulphur from sour gas (N) ..... Apr. *131
Cutbacks in sulphur for consumers expected (N) ..... Jan. 197
Desulphurization, Schwarzenbek, Bignetad & Knaus (A) ..... Aug. 360
Gulf oil to build two sulphur recovery units (N) ..... Dec. 239
Mercaptans and disulphides flowsheet ..... Mar. *179
Metering sulphur. West, Boe & Butterworth (A) ..... Dec. 332
New sulphur recovery process ..... Mar. *125
Stanolind Oil & Gas putting up sulphur recovery unit (N) ..... Dec. 239
Sulphur vs. construction materials. J. R. West ..... Sept. 276
Supply and demand ..... Feb. 137

Sulphur Dioxide:

Another way to get sulphur dioxide (N) ..... Apr. *126
Improved autoxidation process ..... Sept. *224
Nomograph gives solubility of sulphur dioxide in water. D. S. Davis (P. N.) ..... Jan. 125

Sulphuric Acid:

Anhydrite fights Britain's sulphur shortage (N) ..... July *212
Big sulphuric output aggravates a shortage ..... July 279
Cooling sulphuric acid by a combination cooler and cooling tower ..... Sept. *230
Mobilization means change in use-pattern for CPI ..... Jan. 231
Netherland plant to make sulphuric from hydrogen sulphide ..... June 218
New Utah unit will convert smelter gas into sulphuric (N) ..... Apr. 199
Recovery from pickling. F. Dartholomew ..... Oct. 316
South Wales to experiment with sulphuric acid regeneration ..... June 216
Sulphur and sulphuric acid developments in 1950 ..... Feb. *131
Superphosphates — Continuous triple superphosphate flowsheet ..... May *202

Sweden:

New sulphur reduction process for iron ..... May 242
Silica sand deposits discovered ..... May 240

T

Tablets—Many solids are compacted by pressure ..... Oct. *162
Taconite—Beneficiation to get usable iron ore (N) ..... Aug. *194

Tanks:

Cut down tank fires (N) ..... July *184
Float switch prevents overflow of weigh tank. A. B. Babcock Jr. (P. N.) ..... Oct. *189
How to calibrate non-standard tanks with standard tank tables. G. W. Prohler (P. N.) ..... July 140
Methyl mercaptan hauled in tank truck (N) ..... Nov. *256
Movable latex reservoir from rebuilt submarine ..... Oct. *256

Tantalum:

Alcohol vs. materials of construction. L. R. Scribner ..... Nov. 309
Chromic acid versus tantalum. L. R. Scribner ..... Feb. 243
Ferric chloride vs. tantalum. L. R. Scribner ..... May 251
Hydrocarbon solvents vs. tantalum. L. R. Scribner ..... June 224
Phenol versus tantalum. L. R. Scribner ..... Aug. 228
Resistance to copper sulphate solutions. L. R. Scribner ..... Apr. 214
Tantalum vs. hydrogen peroxide. Oct. 264

Tape:

Luminescent ..... May *209
Plastic ..... Jan. 172
Plastic film tape ..... Apr. 168

Tar—Distillery in Austria ..... June 214
First double-flash tar distillation units in Germany ..... Aug. *214
Tartaric acid. Church & Blumberg (A) ..... Jan. 261

Taxation—Excess profits tax. Bradley Dewey (A) ..... Jan. 256
Taxation vs. expansion. L. S. Wescoat (A) ..... May 288
Teflon dispersions for coatings ..... Oct. 198

Temperature:

Easily constructed water bath holds subatmospheric temperatures. Faye & Minto (P. N.) ..... Nov. *133
How to measure temperature of flowing liquids or gases. H. A. Hess (P. N.) ..... Aug. *140
Low temperature concentration improvements ..... Nov. *167
Terramycin price drops (N) ..... Nov. 141
Terramycin process by E. W. Blase receives award (N) ..... July 190
Tetraethyl lead process perfected by Du Pont (N) ..... Feb. 208
Texas and the chemical enterprises on the Gulf Coast (ed.) ..... Aug. 121

Textiles:

Chlorine pickup by fabrics treated with resins probed (N) ..... Jan. 196
Copper 3-phenylsalicylate ..... Oct. 197
Dynel, Carbide's new acrylic fiber, outstrips capacity at start of its commercial career ..... Jan. *186
Fiber V to be produced in North Carolina unit (N) ..... Jan. 199
Flameproof orlon ..... June 174
Reinforced laminate features uniform strength ..... Feb. 184
Synthetic fiber plants going up Feb. 119
Synthetic fibers report ..... Aug. *125-132
War, wool and warmth (ed.) ..... Aug. 120

Textiles see also Fibers
Thermoplastic sheet material is flame-resistant ..... Feb. 190
Thiophene from hydrocarbons and hydrogen sulphide. R. F. McCleary (A) ..... Sept. 340
Thread compound ..... May 200
Tin—Hydrogen peroxide vs. tin ..... Oct. 262

Titanium:

Developments in the industry ..... Feb. 127
Dollar-a-pound titanium? ..... Nov. *278
Sorel, Can. new smelting process means more titanium for us ..... June *184
Titanium picture as of 1951 ..... Oct. *186

Toluene:

Combination device handles three steps in one simple unit. A. W. Billitzer (P. N.) ..... Mar. *124
Toluene and benzene to be produced by Shell Oil Co. (N) ..... July 204

Training:

Avoiding human obsolescence (ed.) ..... May 110
That June graduate is a management job for you ..... June 227
Trichlorobenzene ..... June 165
Trichloroethylene to be reclaimed (N) ..... June 206
Tritium—Du Pont may try to make tritium at new South Carolina plant (map) ..... Jan. 181
Tumbling—Spheres are formed by tumbling ..... Oct. *188
Tungsten (ed.) ..... Aug. 121

U

Ultrasonics:

Mix the immiscible (A) ..... Aug. 358
Ultrasonic energy. J. W. Butterworth (A) ..... Jan. 253
Used in paper mills, refineries, paint and pharmaceutical plants (N) ..... Aug. *200

Unit Operations:

How Virginia-Carolina makes phosphorus by one unit process, four unit operations. J. R. Callaham ..... Apr. *102
Unit processes report. P. H. Grogains ..... Mar. *119-141

U. S. Army Quartermaster:

Needed; insect repellent, textile flameproofer, fungicide, portable heaters, non-toxic plasticisers, can coatings, synthetic tannins ..... May 278
U. S. Navy—Needed. T. A. Solberg (A) ..... May 283
Uranium—Refinery will make feeds for atom plants (N) ..... May 223
Utah plant being converted to process uranium ores (N) ..... Feb. 211
Urea survey. Auguste Roosebroom ..... Mar. *111

V

Vacuum—Mancstat gives close control of pressure in vacuum pan. A. W. Werry (P. N.) ..... Aug. *138

Valves:

Control valves—their action and selection. W. G. Holzbock ..... Mar. *113
How to control average flow of liquids carrying solids. R. C. Bieber (P. N.) ..... Jan. *134
Repairing oxygen plant valve without disassembly. R. J. Akot (P. N.) ..... Dec. *136
Vapor drying wood. J. A. Lee ..... June *116
Vaporization—Latent heat of vaporization nomograph. Arnold & Raiford ..... Apr. *126
Varnish—electrical unit oil resistant ..... Jan. 162
Heat and rust resistant ..... Sept. 261
Velocity—How to understand problems of terminal velocity. A. H. Korn ..... Nov. *278
Venezuela—First rayon plant in the country ..... Aug. 218
Vessels—Design closed vessels to withstand internal explosions. Cousins & Cotton ..... Aug. *133
Vinyl latex—coating material and pigment binder ..... May 209
Vinyltoluene—styrene substitute ..... Sept. 264
Vinyl trichlorosilane ..... Sept. 194
Viscosity—Flexible ruler aids estimation of liquid mixture viscosities. Niels Madsen (P.N.) ..... Feb. *183
Vitamins—How Pfizer synthesizes vitamin A (N) ..... May *219
Improved vitamin A ..... May *204

W

War and the chemical process industries
Mobilization ..... Feb. 114
Law and government ..... Feb. 116
Processes and products ..... Feb. 119
Supply and demand ..... Feb. 127
Labor ..... Feb. 137
Profit and loss ..... Feb. 139
Prices ..... Feb. 141

Waste Disposal:

Bergstrom tower removes sulphides and mercaptans (N) ..... May *218
Catalytic process oxidizes wastes ..... June *184
Chemical treatment. H. Schindler ..... July 208
Concentrating and burning waste sulphite liquor (N) ..... Aug. *161
Diffused air float particles for waste disposal. A. L. Barry ..... Apr. *161
First remove solids from your wastes. Bencellevre & Anable ..... May *122
Flotation processes for waste water. N. A. D'Arcy Jr. (A) ..... June 244
If your wastes need not be separated. H. L. Jacobs ..... May *127
Oregon paper mill company solves waste disposal problem (N) ..... Nov. 244
Ozone kills phenols in waste ..... Sept. *224
Pollution—community relations. R. J. Buckley (A) ..... Dec. 324
Pollution control—an industry must. Melvin Nord ..... May 113-118
Pollution control developments ..... Nov. 167
Pollution control report ..... May *111-118
Radioactive waste disposal at the Argonne National Laboratories. Rodger & Fineman ..... Dec. *146
Refinery processes wastes into ammonia fertilizer (N) ..... Mar. 196
Sampling and metering are basic ..... May *127
Size up your liquid waste problem. P. W. Mohlman (table) ..... May 125
Water pollutors may be stifled ..... Othmer, Weise & Aries ..... June 204
Waste disposal see also Dust and Fume Handling

Water:

Do we waste too much water? R. C. Kelly (A) ..... July *206
Estimating requirements for process steam and process water (table) ..... Apr. 110
Estimating requirements for process water. A. V. Danner (c) ..... July 208
Natural waters. R. W. Hess (A) ..... July 264
Water repellents—Use during dry cleaning with synthetic solvents ..... Nov. 218
Water Resources Report—thirty-sided plea for public power (ed.) ..... Apr. 130

Water Treatment:

Fluoridation. W. E. White (A) ..... May 272
How to cut costs in deionization. Kahler & Morrison ..... May *176
Slime controlling compound keeps industrial cooling waters clean ..... May 199

Waxes:

Corrosion inhibiting wax ..... May 202
Dewaxing agent. H. Poell (A) ..... Nov. 349
Low cost petroleum wax ..... Jan. 168
Magnolia Petroleum try new way of continuous molding wax (N) ..... Aug. *184
New wax, Reilly & Mulcahy (A) ..... Nov. 349
Non-melting waxes ..... May 206
Wax amines ..... Mar. 172
Wax ester for lubricants, greases ..... Sept. 264
Weed killer—Herbicide for killing weed and grasses in cotton field ..... Nov. 206, 212
Wetting agent—makes stronger concrete blocks ..... Jan. 164
Wire, ductile bismuth ..... May 240

NOTES—(A) Abstract; (c) Comment; (ed) Editorial; (E.N.) Equipment, News. * Illustrated; (N) News; (P.N.) Plant Notebook

Wood:
Hydrogen peroxide vs. wood... Oct. 268
Paneling, punoture-proof light weight ..... Dec. 198
Resistance to copper sulphate solutions, H. L. Smith ..... Apr. 212
Wood treatment—Chemical treatment softens hardwoods (N) ..... Apr. *134
Vapor drying, J. A. Lee ..... June *115
Wood waste used to make fuel gas in Canada ..... Nov. 281
Wool treating chemical ..... June 167

Worthite:
Alcohol vs. materials of construction, W. E. Pratt ..... Nov. 281
Chromic acid versus worthite, W. E. Pratt ..... Feb. 248
Construction materials in the paper industry, W. E. Pratt ..... Jan. *217
Hydrocarbon solvents vs. worthite, W. E. Pratt ..... July 226
Hydrogen peroxide vs. worthite, W. E. Pratt ..... Oct. 268
Not suitable for handling ferric chloride, W. E. Pratt ..... May 244
Phenol versus worthite, W. E. Pratt ..... Aug. 222
Resistant to copper sulphate solutions, W. E. Pratt ..... Apr. 208
Sulphur vs. construction materials, W. E. Pratt ..... Sept. 284

X

Xylene survey ..... Feb. *205

Z

Zirconia, fused stabilized ..... Feb. *199

Zirconium:
Ductile zirconium, Stephens & McClain ..... Mar. *116
Kroll vs. iodide zirconium, G. L. Miller ..... Oct. 248
Tetraiodide process yields ductile zirconium for AEC (N) ..... Mar. 183
Zirconium clarified, Litton, Scheer & Ogburn Jr. (c) ..... May 234

McCleary, R. F.: Thiophene from hydrocarbons and hydrogen sulphide ..... Sept. 249
McHard, J. A. & J. T. McIntyre: Silicones Mar. 214; Apr. 212; May 251 Sept. 290
McHard, J. A. & Leon Van Volkinburg: Silicones Feb. 247; June 224; Aug. 226; Oct. 251 ..... Nov. 305
McIntyre, J. T. & J. A. McHard: Silicones ..... May 251
McKee, A. B. & A. Fitz: Aluminum Feb. 246
McKee, A. B., A. Fitz & D. J. Fetchko: Aluminum ..... Mar 218
McKnight, David & others: This phosphorus furnace rotates ..... July *101
Rubber lining Jan. 222; Feb. 243; Mar. 214; May 213; May 244; July 220; Aug. 228 ..... Sept. 290
Megar, G. H. & others: This phosphorus furnace rotates ..... July *101
Melaven, A. D.: Rhenium ..... June 259
Mellne, A. L. & L. D. F. Roy: Improved fertilizer plant design ..... June *135
Michels, L. R. & C. A. Welbach: Improved tester determines properties of dust filter media ..... Jan. *136
Miller, Fred A.: Now, a fork-lift crane ..... June *250
Miller, G. L.: Kroll vs. iodide zirconium ..... Oct. 248
Miller, L. W.: Lubrication . . . paper industry ..... Feb. 270
Miller, Robert L.: Auto differential serves as slow-speed mixer drive. . . . Aug. *139
Power for the small chemical plant ..... June *132
Punch saves time in assembly at remote points ..... June 139
Miller, Shelby: Latest filtration theory ..... Oct. 303
Milner, E. M. & Charlie Grimsley: How to make an ejector from standard pipe and fittings ..... Feb. *157
Minte, A. L. & E. Keally: Constructed water bath holds subatmospheric temperatures ..... Nov. *133
Moder, Joseph J. Jr.: More data on solids recovery from slurries by cyclone ..... Nov. *235
Mohlman, F. W.: Hise up your liquid waste problem ..... May 119
Monor, Francis W. & others: Radioactive cellulose ..... Oct. 307
Montgomery, C. R.: Pearl oil ..... May 234
Moody, Dwight: Public relations. . . . Mar. 253
Morrison, W. S. & F. H. Kahler: How to cut costs in deionization. . . . May *175
Mulcahy, Liam & Joseph Reilly: New wax ..... Nov. 249
Mumaw, E. F.: Industrial floors. . . . Feb. 242
Munger, C. G.: Vinyl coatings ..... Dec. 330
Murkin, F. P. & W. H. Van Buren: Plan now for conservation of industrial rubber goods ..... May *172
Myers, J. E. & Richard Jarsombek: Nomograph for boiling point rise ..... Oct. *156

NEWTON, R. D. & R. S. ARIES: Now you can use break-even charts without fuss, muss or bother. . Feb. *148
Nicholls, W. T.: Education ..... Oct. 308
Next time, give the boss a precise capital cost estimate. . . . . June *248
What price plants? ..... July 211
Nord, Melvin: How to calculate distillations with variable relative volatility ..... Feb. *144
Pollution control—an industry must ..... May *113
Single calibration chart serves several flow meters ..... Mar. *126
Sublimation ..... Sept. *167
Nossen, E. S.: Manganese recovery. . Mar. 253

OGA, KATSUMI: DDT for Korea. . . Sept. 258
Ogburn, R. C. Jr., F. B. Litton & C. L. Scheer: Zirconium clarified. . . . May 234
O'Hara, J. B.: Use an orifice-valve for checking flow rates periodically ..... May *170
Oliver, Murry L.: Simple test finds faulty operation of deaerating feedwater heater ..... Sept. 176
Othmer, D. F., M. D. Weiss & R. S. Aries: Water pollsters may be utilised ..... June 269

PALMQUIST, W. W.: Carbon ..... Apr. 266
Carbon and graphite ..... June 259
Patton, E. L. & D. N. Collins: A new tack for gum naval stores ..... Sept. *164
Patton, W. L.: Hydraulic discharges for containers is safe, simple and portable ..... July *149
Pays, H. E. & A. L. Minto: Easily constructed water bath holds subatmospheric temperatures ..... Nov. *133
Pettit, A. B.: Fluoride scrubbers ..... Aug. *210
Plunje, M. H. R. J.: European progress in nitric acidulation of rock phosphate ..... May 169
Poell, H.: Dewaxing agent ..... Nov. 248
Potts, J. M. & others: This phosphorous furnace rotates ..... July *100
Pratt, W. E.: Worthite Jan. *217; Feb. 248; Mar. 211; Apr. 208; May 244; July 220; Aug. 222; Sept. 254; Oct. 255 ..... Nov. 288
Prehler, George W.: How to calibrate non-standard tanks with standard tank tables ..... July 140

RAIFORD, PAUL K. & T. H. ARNOLD JR.: Latent heats of vaporization nomograph ..... Apr. *154
Ramani, R. V.: Caustic cell for trainees ..... Jan. 267
Rearick, J. S.: Short cuts in pilot plants ..... Dec. 324
Reed, Vergil D.: Twelve commandments of marketing research ..... May 234
Reeves, Richard V.: Rating systems that find the successful ..... Sept. *247
Reichard, H. F.: Indirect pump averts corrosion and packing gland leaks ..... Oct. *159
Reilly, Joseph & Liam Mulcahy: New wax ..... Nov. 249
Renshaw, W. G.: Stainless steel. . . . Nov. 270
Revilock, J. E.: Carbon ..... Apr. 270
Carbon and graphite ..... Nov. 310
Reynolds, Blythe M.: Opportunities for engineers to share in management's social responsibilities ..... Jan. *240
Robinson, Charles F.: Process control ..... Dec. *150
Robinson, James N.: Pipe spacing chart saves pipe layout time ..... Sept. 178
Rodger, Walton A. & Phillip Fineman: Radioactive waste disposal. . . Dec. *146
Roll, Kempton M.: Lead. . . Feb. 245; Mar. 254; Apr. 214; July 223; Aug. 238; Nov. 282
Roseeboom, Auguste: Uran: a process survey ..... Mar. *113
Roy, L. P., Yates & R. S. Molino: Improved fertilizer plant design ..... June *135

SAMUELS, H., L. S. Ansell & W. C. Frisbe: Enthalpy-concentration chart for methanol-water solutions. . . . . Apr. *155
Savitt, S. A.: Before you buy used equipment ..... Aug. *159
Scheer, C. L., F. B. Litton & R. C. Ogburn Jr.: Zirconium clarified ..... May 234
Schindler, H.: Waste water ..... July 267
Schnacky, John F.: Improving specific gravity control with a fluid-response system ..... Jan. 196
Schwarzenbek, E. F., C. E. Slyngstad & J. A. Knaus: Desulphurization. Aug. 260
Scortecci, A. & M. Scortecci: Ore from pyrites ..... Nov. 240
Scott, J. B.: How to protect your steel ..... Apr. *121
More about protecting your steel. Sept. *167
Scott, R. C. Jr. & D. S. Davis: Nomograph gives equilibrium constants for nitrogen ..... Apr. *152
Serfkner, Leonard R.: Tantalum. . . . . Feb. 241
Mar. 216; Apr. 214; May 241; June 234; Aug. 228; Sept. 260; Nov. 300
Seinwerth, Herman W.: Don't pass up that chance to talk ..... July *232
Seymour, Raymond B.: Cements. . . . Jan. 218
Feb. 247; Mar. 211; Apr. 218; May 244; July 222; Sept. 252; Oct. 271; Nov. 297
Seymour, Raymond B. & A. R. H. Stainer: Furane cements ..... Dec. *269
Shapiro, Theresa R. & M. H. Trytten: Salaries ..... May 274
Shevlin, T. S. & A. R. Blackburn: Cermets ..... July 261
Silverman, Leslie: What process wastes cause air pollution ..... May *121
Sineath, H. H.: How to measure and control percent of solids in slurries. Oct. *158
Sittenfield, Marcus: When wastes go up the stack ..... May *138
Sittig, Marshall: Simple orifice assembly made from pipe union ..... Sept. *177
Skeen, John E. & Castle Seda ..... Jan. 221
Slyngstad, C. E., F. Schwarzenbek & J. A. Knaus: Desulphurization. Aug. 260
Smith, Henry B.: Wood. . . . Feb. 246; Mar. 212
Apr. 212; May 250
Smith, Julian C.: Glass—its place in chemical processing ..... Apr. *117

NOTES—(A) Abstract; (c) Comment; (ed) Editorial; (E.N.) Equipment, News. * Illustrated; (N) News; (P.N.) Plant Notebook

Smith, Julian C. & E. F. Kelm: All-glass bubble-cap column ..... Feb. *185
Snaddon, R. & R. S. Young: Adjustable angle mixer improves lab mixing of solids ..... Oct. *160
